

# LOGAN by Trailwise

Our most popular down jacket, and rightly so. The Trailwise Logan represents 25 years of experience designing functional garments. In this time of down jacket look-alikes, when it is hard to tell one jacket from another, numerous features and the attention to small details puts the Logan ahead of the others. Trailwise uses set-in sleeves for an accurate fit, minimizing the bulky looks associated with other down jackets. There are no seams on top of the shoulders, avoiding a possible cold spot. The Velcro closure on the collar prevents wind leakage into the sensitive throat area, without the potential discomfort of a cold metal snap. Concealed knit cuffs seal in your body warmth. Each Logan is assembled by a single experienced seamstress, guaranteeing consistent quality. The outer shell of the parka is of Super-nyl taffeta, a fabric more windproof, downproof, and water-repellent than rip-stop. The tight weave of the taffeta, 252 threads per square inch, compared to 212 threads per square inch for rip-stop is actually more tear resistant than rip-stop. The 600 fill-power down is distributed throughout with more down in the critical upper body areas. The cargo/handwarmer pockets and the draft flap over the zipper are down-insulated. Snag free coil zipper with inner draft flap and drawcord at waist. Stuffsack included. Av. wt. 27 oz. **MEN'S:** S, M, L, XL. Colors: blue, maroon or copper, tan liner. Price \$92.50. **WOMEN'S:** S, M, L. Colors: blue or copper, tan liner. Price \$89.50.

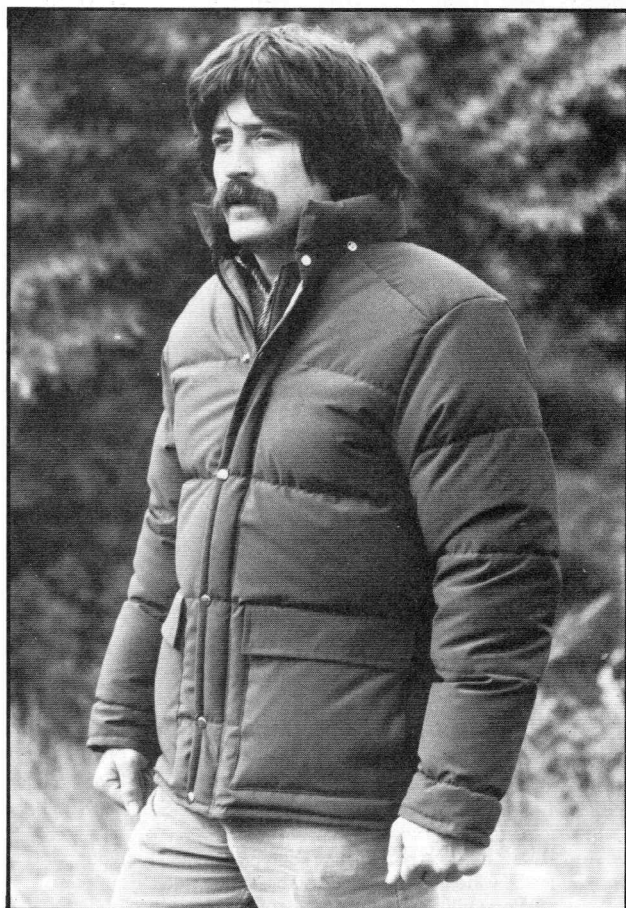

The down-filled hood snaps to the collar of all Logan Jackets. A drawstring allows the hood to be pulled snugly around your face. Medium fits XS, S & M Logans; Large fits L and XL Logans. Specify Men's or Women's, color & fabric to match your Logan.

<b>LOGAN HOOD</b>	Av. wt. 2½ oz.	Price \$17.00
<b>65/35 HOOD</b>	Av. wt. 3 oz.	Price \$18.50

## 65/35 LOGAN

Offering an alternative fabric for the versatile Logan. The outer shell is made from 65/35 fabric (an intimate blend of polyester and cotton, each thread being a blend of both yarns). 60/40 fabric, used by most manufacturers, has separate threads, the warp (vertical) is cotton, the fill (horizontal) is nylon. The adhesion of like fibers renders 65/35 garments much more water repellent, wind proof, and down proof with high abrasion resistance. 65/35 cloth has negligible shrinkage (60/40 shrinks more vertically). Stuff sack included. Av. wt. 25 oz. Sizes: S, M, L, XL. Colors: light navy, forest green or rust, with tan liner. Price \$96.00

## TRAILWISE GRIFFON

PolarGuard® insulation makes this parka a "natural" for damp weather. With down prices going up, the Griffon is a warm and less costly alternative to a down jacket. Two-way zipper, cargo and handwarmer pockets, inner elastic cuffs. Nylon shell. Av. wt. 30 oz.

**MEN'S:** S, M, L. Colors: copper, blue or green, tan liner.  
Price \$62.50

**WOMEN'S:** S, M, L. Colors: blue or copper, tan liner.  
Price \$62.50

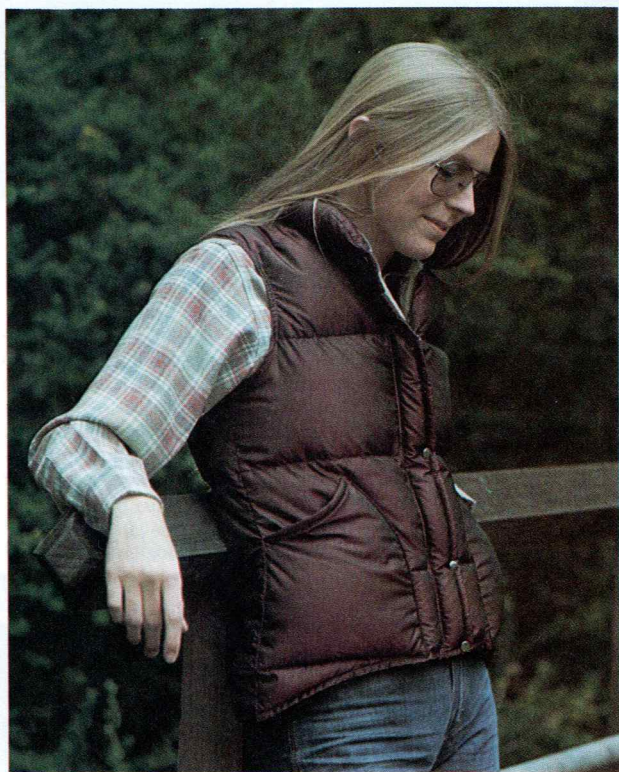

**GRIFFON HOOD** Sizes: M or L. Specify color to match.  
Av. wt. 3 oz. Price \$13.00

## TRAILWISE ARMADILLO

PolarGuard® insulation in a vest. Cut long in back with handwarmer pockets, high collar and two-way zipper. Av. wt. 17 oz.

**MEN'S:** S, M, L. Color: green, copper or blue, tan liner.  
Price \$36.00

**WOMEN'S:** S, M, L. Color: copper or blue, tan liner.  
Price \$36.00

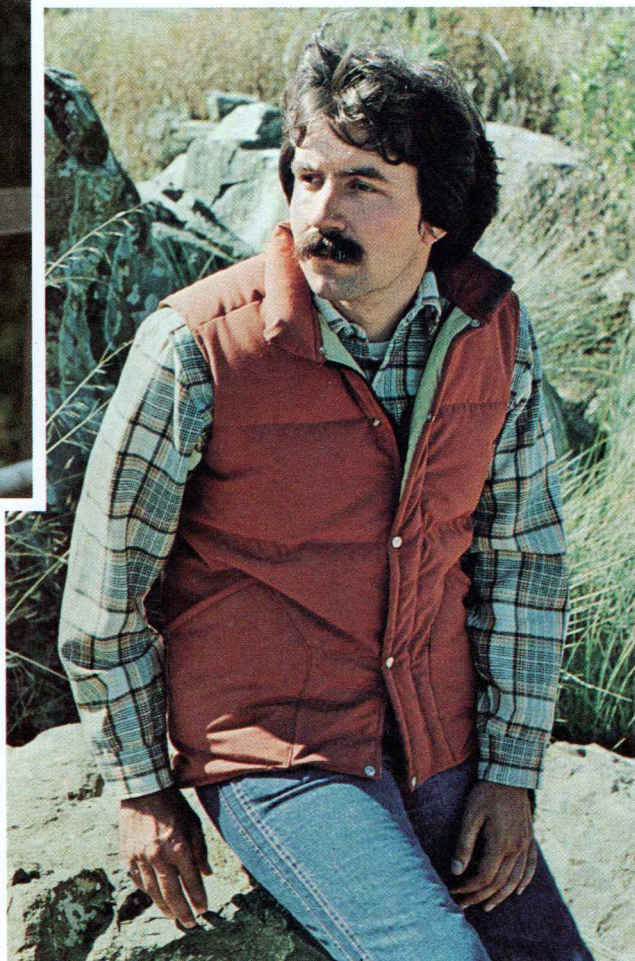

## TRAILWISE ARCTIC VESTS

A down vest can be the most versatile piece of clothing you own. It is as warm as two wool sweaters, yet fits into the smallest stuff-sack. Vests have high, Velcro closed collars, and double slider zippers protected by a down filled draft flap with snaps. The pockets are down insulated — true handwarmers worthy of the name. Av. wt. 13 oz.

**MEN'S ARCTIC** (not shown). Outer and inner fabric is nylon taffeta. Sizes: S, M, L. Colors: royal blue, copper or green, with tan liner. Price \$54.00

**ARCTIC LADY** (center photo). Designed to fit a women's figure. Sizes: S, M, L. Colors: copper or royal; Iridescent Colors: ruby or zircon blue, all with tan liners. Price \$52.00

**MEN'S 65/35 ARCTIC** (right photo). Outer fabric is durable and water repellent polyester/cotton blend material. Sizes: S, M, L. Color: rust, green or light navy, with tan liner. Price \$56.50

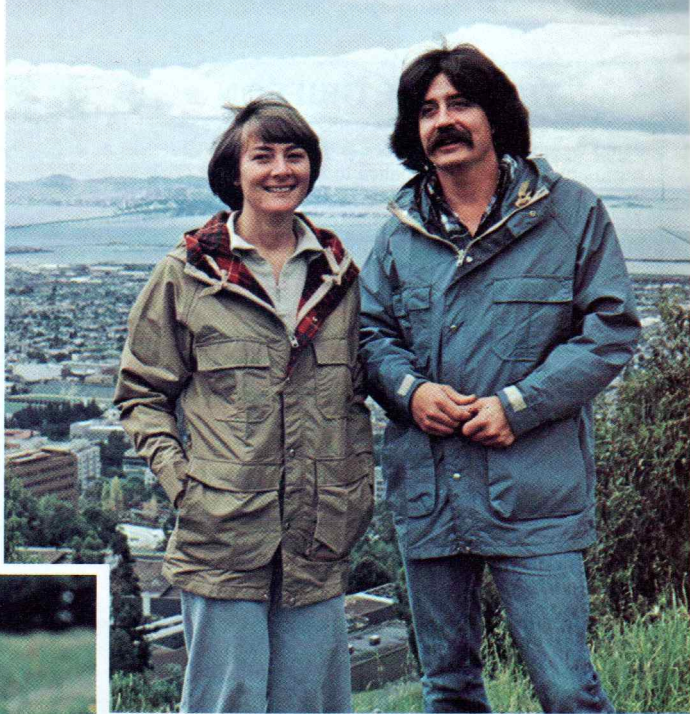

## WOOLRICH MOUNTAIN PARKAS

A great dollar value in a double-shell mountain parka. The outer shell fabric of 60% cotton and 40% nylon is windproof and water repellent. Cut large enough to wear over a down parka for extreme conditions. It is also ideal for milder conditions and around town use. The features of this parka include many found on more expensive parkas: double-stitched seams, large rear zip pocket, 6 front pockets — including handwarmers, Velcro wrist closures and waist draw string. Available in two models: lightweight nylon taffeta lining for general use or wool plaid lining for added warmth. Sizes: XS, S, M, L, XL. Colors: navy, tan or slate blue outer shells.

**NYLON LINING** Av. wt. 24 oz. Price \$50.00

**WOOL LINING** Av. wt. 30 oz. Price \$65.00

## TRAILWISE MOUNTAIN PARKAS

The double-shell mountain parka is a mainstay in any outdoor person's wardrobe. The Trailwise Mountain Parka, like all Trailwise products, is outstanding because of attention to important details. The fabric, in both the lining and the shell, is the same sturdy 65/35 polyester/cotton blend used in the 65/35 Logan. There are no shoulder seams, normally an area of leakage and all seams are strong flat-felled construction. The women's parka is designed to fit a woman's figure properly, and is not a scaled-down man's parka. Full-length two way zipper protected by inner & outer storm flaps, Velcro closures at cuffs, waist drawcord and six pockets — four bellows cargo pockets with Velcro closure, and two handwarmer pockets (women's parka does not have two upper cargo pockets). Tan color lining extends into hood. Color: rust, forest green or light navy.

**MEN'S:** S, M, L, XL. Av. wt. 32 oz.

Price \$72.50

**WOMEN'S:** S, M, L. Av. wt. 28 oz.

Price \$69.50

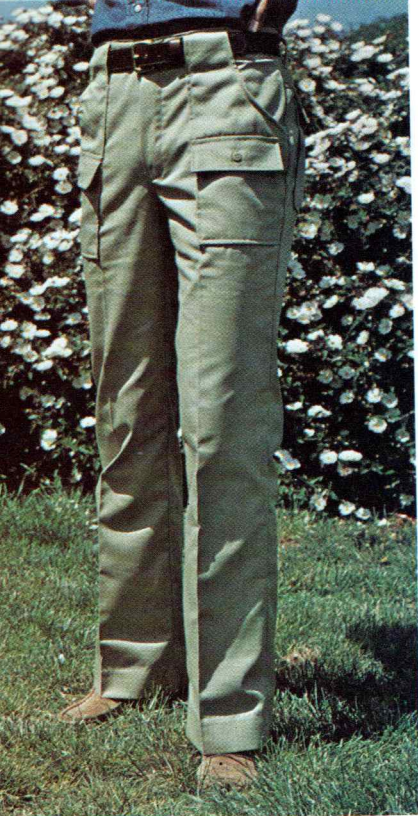

## PATAGONIA PILE JACKETS

Technology does it again. Patagonia Pile is a synthetic material combining warmth retaining loft like down, low moisture retention like Polarguard® and the wicking action of wool. Patagonia Pile offers the warmth of several wool sweaters with less weight and bulk. May be washed and dried without shrinkage and is non-allergenic. Raglan sleeve design allows for full arm extension and comfortable body movement. Sizes: S, M, L, XL. Color: tan.

**PULLOVER:** 7" nylon zipper, high collar. Av. wt. 18 oz. Price \$28.50

**JACKET:** Full length zipper, handwarmer pockets, knit hem and cuffs. Av. wt. 21 oz. Price \$35.00

### SPORTIF GIANT TWILL PANTS & SHORTS

Designed for hiking. Tough fabric, comfortable fit and easy care. Heavy duty construction and rugged cotton/polyester twill fabric makes these pants last and last. Two deep side patch pockets and additional button-down cargo pockets. Two button-flapped hip pockets. The shorts have a 1" side vent, the pants are slightly flared at the cuff. Double-needle stitching adds strength and the fine detailing that makes these shorts and pants look as good as they wear. Color: tan.

**PANTS:** Men's even waist sizes 28-38, length regular (32") or long (34"). Women's even sizes 8-16, regular length only (32"). Price \$17.00

**SHORTS:** Men's even waist sizes 28-38. Women's even sizes 8-16. Price \$12.50

### SPORTIF STRETCH PANTS & SHORTS

A unique blend of polyester, cotton, and Spandex developed especially for active wear. No other fabric combines durability and functional stretch so well. The shorts are cut short and have side vents, the pants are slightly flared at the cuff. Double-needle sewing, bar-tacked stress points, double-layer seat with rear zippered pockets, two front pockets with cargo pockets and inner change pocket. Permanent press washability & quick drying. Women's pants have a single layer seat & button flap hip pockets.

**PANTS:** Color: khaki. Men's even waist sizes 28-38, length regular (32") or long (34"). Price \$31.50  
Women's even sizes 8-16, length regular (31") or long (33"). Price \$30.00

**SHORTS:** Color: khaki or steel blue. Men's even waist sizes 28-38. Women's even sizes 8-16. Price \$20.00

### SPORTIF CORD PANTS & SHORTS

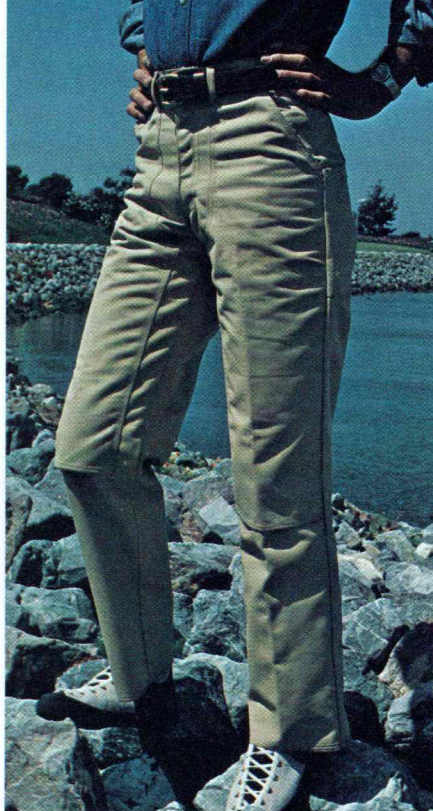

All-cotton corduroy is soft, comfortable and a pleasure to wear. These pants and shorts are designed to fit well, look good and last a long time. Made from pre-shrunk, medium wale corduroy that hides its toughness behind a smooth velvety finish. These are pants and shorts you'll want to wear day after day. Sturdy construction features double needle sewing and bar-tacked stress points. Two large front patch pockets. Men's model has two button flapped hip pockets. Women's model has rear V-yoke construction for a flattering fit.

**PANTS:** Color: tan. Men's even waist sizes 28-38, length regular (32") or long (34"). Price \$23.50

**SHORTS:** Colors: tan or steel blue. Men's even waist sizes 28-38. Women's even sizes 8-16. Price \$15.00

## CHINO HIKING PANTS & SHORTS

Lightweight khaki hiking gear, cut generously to provide a comfortable fit. The fabric is a blend of 65% polyester/35% cotton, which washes easily, dries quickly and requires no ironing. Both the pants and shorts are cool, comfortable companions for summer hiking or just relaxing around hot city streets. Two deep front pockets with two outer snap-down patch pockets and two hip pockets with snap flaps. The pants have a slightly flared leg. The shorts are neatly hemmed and slightly longer than our other shorts. Color: khaki.

**PANTS:** Men's even waist sizes 30-38, length regular (31") or long (33"). Women's even sizes 8-16. Price \$16.00

**SHORTS:** Men's even waist sizes 30-38. Women's even sizes 8-16. Price \$13.00

## CHOUINARD STAND-UP PANTS & SHORTS

Originally designed for technical climbing, these rugged, well-made pants and shorts are also popular with hikers, and those who need tough clothing for general wear. The legs are cut wide for easy movement. The front of the pants is doubled from the waist to below the knee for added abrasion resistance. A double seat forms two capacious back pockets closed securely by large velcro strips. There are also two front pockets. Sewn with heavy dacron thread, both garments have all their stress points bar-tacked and double stitched. Shorts are made of pre-shrunk 12 oz. cotton canvas; pants are made of a cotton/polyester blend for added toughness. Color: straw. Men's even waist sizes 28-36.

**PANTS:** (Unhemmed) Price \$24.50

**SHORTS:** Price \$18.00

## FILSON DUCK PANTS

Filson's famous pants are as tough as the loggers for whom they were designed. These pants are able to withstand years of walking through heavy brush. The full cut is comfortable for active movement. Double needle construction, bar-tacked stress points, 2 deep side pockets, button flapped hip pockets, inner watch pocket, heavy duty zipper fly and suspender buttons. Color: tan. Men's sizes 30-38, unhemmed. Price \$25.00

## WHITE DUCK SHORTS

Tailored for those who like the features of Stand-Up Shorts, but want something less frumpy. White Ducks are cut short and wide, providing plenty of room to move, and great ventilation on hot days. They are made of sturdy, pre-shrunk 11 oz. cotton canvas with reinforced stitching at stress points. Two deep side pockets and 2 patch pockets on the seat. Natural, undyed fabric. Men's even sizes 28-36, Women's even sizes 8-14. Price \$15.25

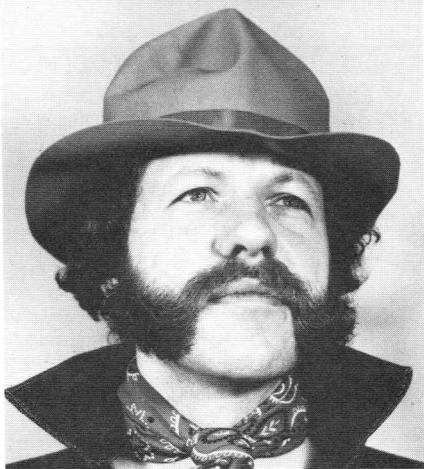

## ROLLER CRUSHER

Can be shaped to suit your mood. Takes crushing, smashing, folding, and stomping in its stride. Tends to become very distinctive in shape after long wear. The wool felt provides protection from rain and sun. Colors: tan, grey or dark green. Sizes: 6 $\frac{1}{2}$ -7 $\frac{1}{4}$ . Av. wt. 3 oz. Price \$5.00

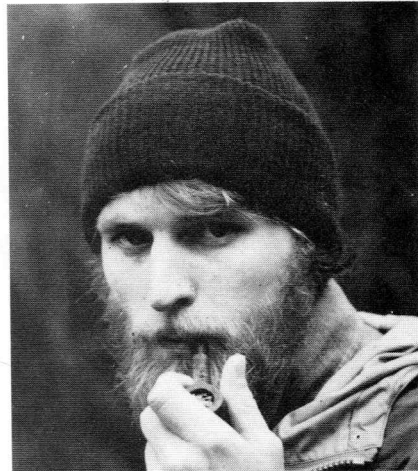

## HIKING HAT

A crew style hat in durable cotton/polyester. Washable with no shrinkage, and quick drying. Reinforced brim protects eyes and nose from sun. Eyelets in crown allow cooling ventilation. Colors: navy, white, or tan. Sizes: S, M, L, XL. Av. wt. 3 oz. Price \$3.75

## CLARKE'S CRAGHOPPER SHORTS

Our favorite shorts made in Great Britain especially for The Ski Hut. In two fabric choices: **CORDUROY**: 100% cotton, deep-pile, wide-wale. Color: olive green. **SUEDETTE**: Thickly napped 100% cotton (a dense, flannel-like fabric that is exceptionally abrasion resistant). Color: grey. **WOMEN'S**: short length wide legs. Pleats at waist add style and roominess. Deep side pockets button-flapped hip pocket. Even waist sizes: 24-30. **WOMEN'S CORD SHORTS**. Price \$20.00 **WOMEN'S SUEDETTE SHORTS**. Price \$25.00. **MEN'S**: longer length, wide legs for comfort and ventilation. Deep side pockets. Double layer seat with two button-flapped rear pockets. Even waist sizes: 28-38. **MEN'S CORD SHORTS**. Price \$24.00 **MEN'S SUEDETTE SHORTS**. Price \$30.00.

## WATCH CAP

An all wool standard. This cap proved itself first when sailors kept their heads warm during long winter watches at sea. The stretch cap comes in one size to fit all, with enough wool to double over the ears. Av. wt. 2 $\frac{1}{2}$  oz. \$3.50

## RAGG SOCKS

100% wool made to our specifications with extra high tops (12") suitable for 8" mountaineering boots. Color: grey. Sizes: 9, 10, 11, 12, 13. Av. wt. 4 $\frac{1}{2}$  oz. Price \$4.50

## STRETCH RAGG SOCKS

85% wool, 13% nylon, 2% spandex. Grey and white twist. Stretch sizes: 7-9, 9-11, 11-13. Av. wt. 4 oz. Price \$4.50

## WICK-DRY SOCKS

Double layer socks. Inner layer repels moisture while outer layer absorbs moisture, keeping feet dry. 50% orlon, 40% nylon, 10% cotton. 9" height. Color: white. Stretch sizes: 9-11, 10-13. Av. wt. 3 $\frac{1}{2}$  oz. Price \$4.00

## SUMMIT LINER SOCKS

70% wool/30% nylon. 10" height. Color: white. Sizes: 7-9, 9-11, 11-13. Av. wt. 1 $\frac{1}{2}$  oz. Price \$2.35

## OLEFIN LINER SOCKS

Synthetic fiber allows moisture to pass through to the outer sock where it is absorbed. Color: white. Stretch sizes: 7-9, 9-11, 11-13. Av. wt. 1 $\frac{1}{2}$  oz. Price \$2.00

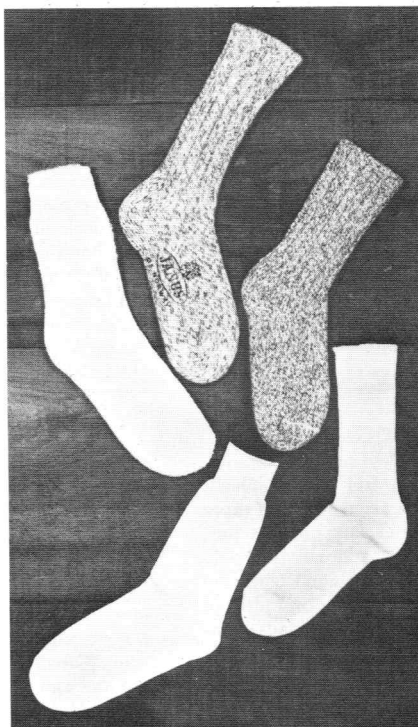

## SIERRA WEST 8" GAITER

Waterproof urethane-coated nylon with elastic top and bottom. Non-freezing nylon chain zipper with snap-fastened flap. Underarch cord. Wt. 5 $\frac{1}{2}$ . Price \$13.00

## CHUCK ROAST 9" GAITER

Breathable fabric with elastic top and bottom. Underarch cord. Nylon coil zipper at back. Color: blue or red. Wt. 4 oz. Price \$7.50

# Pivetta

In 1951 George Rudolf, The Ski Hut founder, went to Europe to find a manufacturer of superior mountaineering boots. His search led him to Montebelluna, the center of quality bootmaking in Italy, and the home of Pivetta. Impressed with Pivetta and their 150 year tradition of quality hand craftsmanship, Rudolf immediately began work with them developing a line of hiking boots suited to American needs.

All Pivetta boots share certain quality features, a policy Rudolf set in 1951 to guarantee that every Pivetta boot is the best possible boot for its particular application. Compare these features with other boots, which often try to copy Pivetta quality: Finest chrome tanned leather used throughout; Ample padding for comfort and minimal breaking-in; Padded tongue pre-formed to shape of foot; Snug heel fit to support the ankle; Roomy at toe and ball to eliminate chafing and toe jamming; Strong heel counters and toe cap hand formed to each boot, assuring perfect sizing and snug fit; Soles are double stitched inside the boot for strength and durability; No exposed sole stitching to wear through or leak; Easy resoling; Yellow label Vibram soles; Spring steel shanks.

## MUIR TRAIL

The finest all-round trail boot available. Lightweight, yet strong and durable enough for extended hikes. The closely trimmed sole and narrow profile allows the Muir Trail to work well for hiking and for rock scrambling. The one-piece upper is abrasion resistant grey suede leather. The boot comes with a spring steel shank and a Vibram Roccia bloc sole for long wear and full protection of your foot while walking on rough or uneven terrain. Height: 6½", Weight 3 lbs. 8 oz. (size 9). Sizes: 5 to 12 XN, 5 to 13 N, M, & W.

Price: \$54.50

## PIVETTA 8

A tough, rugged boot for heavy packing and off-trail hiking. The brown one-piece full-grain leather is sewn with the more abrasion resistant rough side out. The extra-strong heel counter, toe caps, and thick mid-sole provide exceptional durability and comfort. An extra deep lug Vibram Montagna bloc sole and a spring steel shank combine to give the sole of your foot the protection and stiffness it needs to carry heavy loads comfortably. Height: 7". Weight 4 lbs. 10 oz. (size 9). Sizes: 5 to 12 N & M, 5 to 13 W.

Price \$78.00

## PIVETTA 5

The backpacker's boot. This medium weight trail boot offers the long lasting comfort and support needed to carry a load on your back all day. Constructed of top-grain smooth brown leather, hand-lasted with extra strong heel counters and toe caps. The thick leather mid-sole protects your feet from rock bruise and fatigue. A spring-steel shank and the Vibram Roccia bloc sole protect your feet and supply excellent traction. Height: 7". Weight 4 lbs. 6 oz. (size 9). Sizes: 5 to 12 XN, 5 to 12 N & M, 6 to 12 W.

Price \$75.00

## EIGER

A super backpacking boot for long treks, heavy loads, and occasional mountaineering. The favorite boot of hiking author Colin Fletcher. The fine full-grain, combination tanned black leather upper proved its durability in the Andes, Himalayas, Alaska, and Africa. Extra deep Vibram Montagna bloc soles and a double leather mid-sole proved a superb combination of comfort and longevity. A spring steel shank guarantees that the sole will support your foot properly for mile after mile of happy hiking. There are finger loops on the back to aid in pulling the boot on. Height 7½". Weight 4 lbs. 10 oz. (size 9). Sizes: 5 to 12 N & M, 5 to 13 W.

Price \$85.00

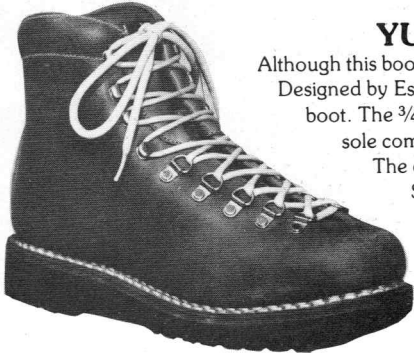

## MONTERA TRAIL BOOT

The Montera trail boot is designed with beginning backpackers, day hikers, and growing youngsters in mind. It combines quality materials and features at an affordable price. The brown, chrome tanned, split-leather upper, combined with a steel shank, supplies the toughness needed for outdoor walking. The Montera's Vibram sole is double-stitched to the upper, and is resoleable. Strong thermoplastic toe caps & heel-counters. Height 6½". Weight: 3 lbs. 5 oz. (size 9). Sizes: 6 to 9 N, 7 to 11 M. Price \$35.00

## YUKON BOOT

Although this boot is new on the market, it comes with impeccable recommendations. Designed by Estes Park boot wizard Steve Komito, it is a heavy hiking/mountaineering boot. The ¾ length steel shank, double leather mid-sole, and Vibram Mon tagna sole combine to offer a boot suitable for use with flexible crampons. The one piece tan upper is constructed of oil impregnated Galluser leather. Speed lace, Norwegian welt. Height: 7½". Weight: 4 lbs. 12 oz. (size 9). Sizes: 8 to 12. Men's medium. Price: \$80.00

## SOFT SPIDER

A good looking sport and casual shoe with a true moccasin construction for the upper. The soft, comfortable wedge crepe sole gives you a cloud-soft stride. A full-grain wax finish upper molds around your foot. Av. wt. 2 lbs.

**WOMEN'S** full & half sizes: 5-9 Med. Price \$30.00

**MEN'S** full & half sizes: 7-12 Med. Price \$32.50

## QUODDY MOC

These moccasins are old time favorites for camping, fishing, canoeing, and loafing. True moccasin construction; hand sewn and lasted from oil tanned cowhide. Single piece vamp conforms to wearer's foot, and gives comfortable support. The double sole provides extra protection and longer wear.

Color: dark cherry red. Weight 20 oz.

Men's sizes: 8-12 (full sizes only).

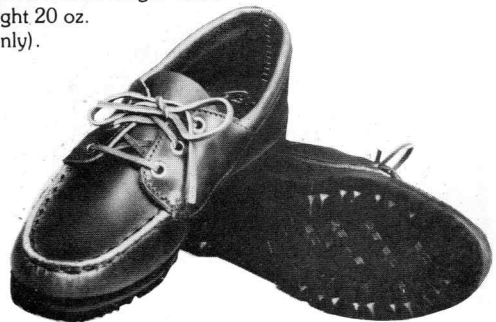

Price \$23.50

## QUODDY HIKER

An excellent shoe for everyday walks and hikes. Handsewn uppers of oil tanned cowhide are combined with long wearing Vibram lug soles in this lightweight walking shoe. Color: dark brown. Resoleable. Wt. 24 oz. (size 9).

Men's sizes: 8-12 (half sizes also). Price \$27.50

## HOW TO ORDER BOOTS

Please follow these directions carefully. The information requested below is essential if we are to fit your boots properly.

1) Put on the socks you intend to wear with the boots. We suggest one thin liner sock with a thicker wool sock over that. Wool will keep your feet drier when walking, and retains its insulation properties even if wet.

2) Stand on a large piece of paper, with your body weight distributed equally on both feet. While standing erect, have someone else draw one clear line defining the perimeter of each foot. It is important that the pencil be held at a constant 90° angle, and not tilted either inward or away from the foot.

3) State your usual dress shoe size. Give both length and width if possible. Example 9-C.

4) Write your name, address, and shoe size on the paper with your foot outline, as well as on the order form.

### **GUARANTEE:**

We guarantee a proper fit. Instruction for trial use of your boots are sent with them. Please observe these directions carefully, as boots worn outdoors are not acceptable for exchange or refund. If the fit is incorrect, send the boots back to us with the coupon provided on the instruction sheet. A new pair of boots is then sent back to you postpaid.

### SIERRA WEST PONCHOS

Quality, lightweight ponchos of waterproof coated rip-stop nylon. No seams except hood. Reinforced grommets and snaps are set along edges. Drawcord hood extends forward to form visor.

Colors: navy blue or forest green.

**STANDARD:** measures 60" x 80". Wt. 16 oz.

Price \$22.75

**LONG:** measures 60" x 100" (long enough to fit over pack). Wt. 20 oz. Price \$27.00

### SIERRA WEST RAIN CHAPS

Slip these coated nylon rain chaps over your boots and tie to your belt for excellent protection against rain and wet brush. Assorted colors. Short fits 26"-30" inseam, Long fits 30" plus inseams. Av. wt. 4 oz.

Price \$9.00

### SIERRA WEST RAIN JACKET

Made from waterproof high count urethane coated nylon. The two layer hood forms a visor when drawn around your face. Raglan shoulders provide comfortable fit, and eliminate leaky seams over the shoulder. Vents under the front panels allow water vapor to escape. Sized generously to fit over bulky garments. Two way zipper protected by snap flap; two large pockets with Velcro closures; all seams double-needle sewn. Color: navy. Sizes: S, M, L, XL. Av. wt. 14 oz.

Price \$35.00

### SEAM SEALANT

A clear liquid for waterproofing nylon seams in tents, groundsheets & rainwear. 2 oz. tube with applicator.

Price \$1.00

### LIGHTWEIGHT PONCHO

A mid-priced poncho featuring an extendable back panel which can be used over a small pack. When used without pack, the panel is held in place with snaps. Lightweight urethane-coated nylon is double stitched with nylon tie loops at corners so the poncho can also be used as a tarp. 52" wide by 92" long. Assorted colors. Av. wt. 15 oz.

Price \$13.50

### TRAILWISE RAINPANTS

Paired with a poncho or cagoule, these coated nylon rainpants provide protection when traveling through wet and rainy terrain. Cut full to fit over other pants. Snap closing, elastic waist band with side zippers providing access to pants pockets. Wide cuffs slip easily over mountain boots and snap to close snugly at ankle. Men's sizes: S, M, L, XL. Color: copper, green or blue. Av. wt. 7 oz.

Price \$19.00

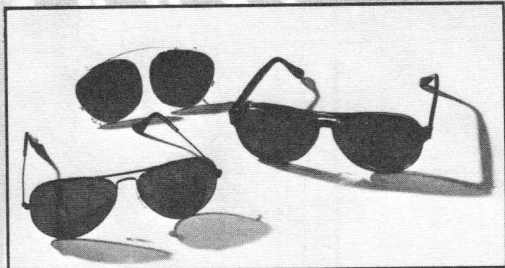

# SUMMER PLEASURES

## DOUBLE HAMMOCK

Oversized for summer comfort. The netting stretches to approximately the size of a standard double bed. Made of 100% nylon cord capable of supporting 2,000 pounds. Braided tie ropes and metal attaching rings. **\$19.95**

## RAY-BAN SUNGLASSES

Neutral gray lenses absorb light throughout the visible spectrum and control ultraviolet and infrared rays. Case included.

**CLIP-ONS:** Metal frames **\$10.00**

**VAGABOND:** Mock tortoise shell frame **\$16.00**

**AVIATOR:** Black metal frame **\$25.00**

## DENIM SHORTS

Hiking shorts with the soft feel and long-wearing quality of pre-washed cotton denim. Styled with two front patch pockets and two hip pockets with buttoned flaps. Color: blue.

**Men's even sizes: 28-38.**

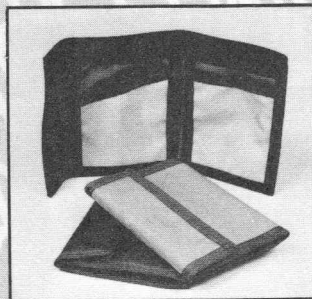

**Women's even sizes: 8-16.**  
**\$14.25.**

## DECKERS

Colorful sandals made from multiple layers of soft Neoprene foam that adds cushion and bounce to every step. Nylon straps and textured tops and bottoms provide sure footing. Colors: Red, Blue, Yellow or Brown. Send foot outline.

**Double Decker \$12.00**

**Wedge Decker \$15.00**

## RAINBOW WALLETS

Wallets made from 7 oz. waterproof nylon packcloth. Nylon tape seals edges and a Velcro strip seals the wallet. Inside are five compartments to organize money and cards. Assorted colors. **\$7.50**

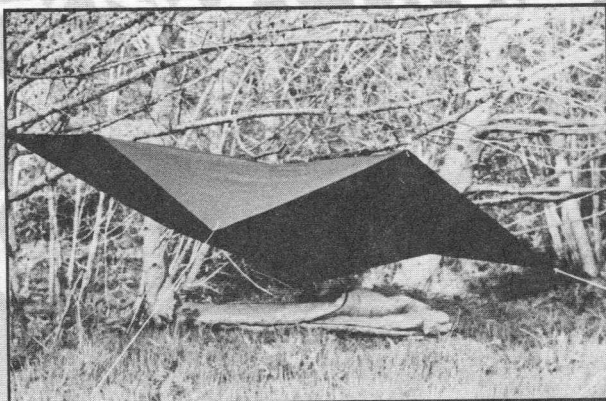

## JASPER PACK

Made of 8 oz. coated nylon packcloth with a large front pocket, handy interior pocket, padded shoulder straps, waistband, zipper closure, removable zipper pouch and leather bottom. 1153 cubic inches. Colors: blue or green. Wt. 24 oz. **\$27.50**

## SIERRA WEST TARP

Simple, lightweight and versatile, this 10' x 10½' coated Ripstop tarpaulin may be pitched in an endless variety of configurations and will provide shelter for one to six persons. Grommets and tapes provide tie points. Comes in a stuff sack with cord and 6 pegs. Colors as available. Wt. 48 oz. **\$45.00**

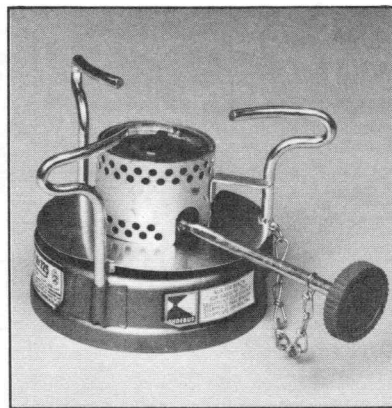

# SUMMER SPECIALS

LIMITED TO SUPPLIES ON HAND.  
AVAILABLE ONLY THROUGH THIS CATALOG.

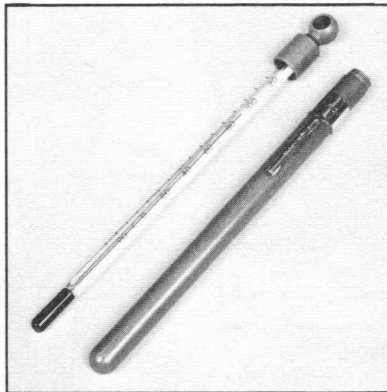

## CAMP 7 SLEEPING BAG

A bag to fit people up to 5'11" and filled with 2 lbs. of high quality duck down with a minimum fillpower capacity of 525 cu. in./oz. The shell of this bag is 1.9 oz. purple ripstop with a Talon ladder coil zipper, differential cut and polyester knit baffling. Rated a three season bag. Left side zipper only. Wt. 4 lbs. 2 oz. A value at \$125.00. Summer sale price \$99.00

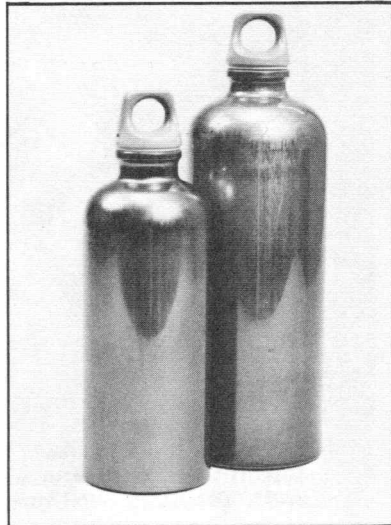

## PHOEBUS 725

A smaller version of the famous 625 expeditionary stove. Flat tank for increased stability. Rated to boil 1 quart of water in 5 minutes. 1/2 pint of fuel lasts for 1 1/2-2 hours. Tank diameter: 5 1/2". Stove height: 4 1/2". Weight including metal container: Wt. 1 lb., 14 oz. Was \$33.50. Now \$24.50.

## THERMOMETER

Range is -30°F to 120°F. Comes in durable plastic case with pocket clip and carrying ring. Wt. 1 oz. Regularly \$3.50. Summer only \$2.75.

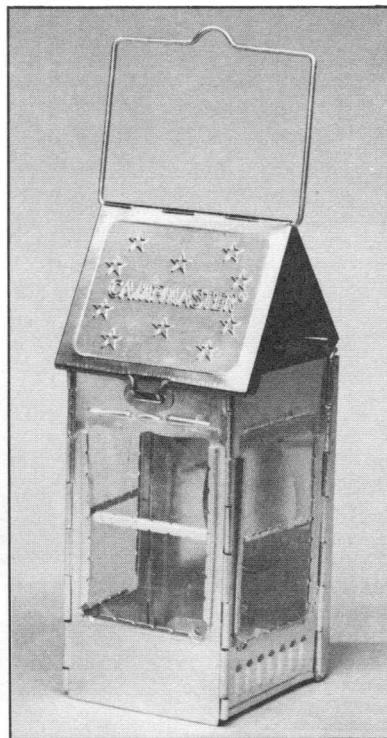

## SIGG BOTTLES

Red anodized aluminum bottles from Switzerland. Leakproof and non-corrosive, they are excellent fuel containers.

**PINT** — weighs 4 1/2 oz. Regularly \$5.00. Special Price \$3.75.

# THE SKI HUT MAIL ORDER

1615 University Avenue P.O. Box 309  
Berkeley, California 94701  
(415) 843-8170 Monday—Friday 9-5 Pacific Time  
(No collect calls please)

## HOW TO ORDER

### BY MAIL

Complete the Order Form indicating the item, quantity, men's or women's style, size, color and price (list second color choice if desired). Include all information that you think is pertinent.

Check preferred method for shipping. Refer to shipping and handling chart and fill in proper amount. Add special delivery fee if desired. Total and remit full amount by check or money-order. (We do not accept C.O.D. orders.) If you prefer using your BankAmericard/VISA or Master Charge card fill in the necessary information in the space provided. When ordering with credit cards, the shipping address must be identical to the charge-card billing address. There is a \$20.00 minimum for both Master Charge and BankAmericard/VISA orders.

We will process your order promptly. Orders are usually shipped the same day they are received.

### BY PHONE

You can call our Mail Order Office direct (415) 843-8170 (No collect calls please) and charge your order on your Master Charge or BankAmericard/VISA charge cards anytime between 9 a.m. and 5 p.m. (Pacific time), Monday through Friday. A suggestion: fill in the order form so that you will have all the information handy and avoid delays.

### SPECIAL REQUESTS AND FOREIGN ORDERS

For special requests or large orders it is advisable to make arrangements in advance. This guarantees your order the most efficient handling possible. To expedite foreign orders, it is necessary to contact us before placing your order to confirm availability, shipping charges, and possible postal restrictions on package size. Foreign orders are payable in U.S. dollars only, and are charged the full postal rate.

### HOW TO RETURN MERCHANDISE

Return items within 30 days if not completely satisfied. Please enclose a letter explaining the problem and what changes you want made. Be sure to include your order number and the name of the person "Ordered By." For your protection please insure the parcel against loss. Items returned under guarantee or for repair must be accompanied by your note stating that the article is clean.

## — SIZING YOURSELF UP —

If you are unsure of your size when ordering, use the tables below to determine the proper size.

Chest Size	Unisex	Men's	Neck Sizes and Sleeve Length	Women's Sizes	Women's Sizes	Women's Sizes
30-33"	XS			S	6-8	32-34
34-37"	S	S	14-14½ x 33	M	10-12	36-38
38-41"	M	M	15-15½ x 34	L	14-16	40
42-45"	L	L	16-16½ x 35			
47-49"	XL	XL	17-17½ x 36			

### — PANTS AND SHORTS —

measure your waist where you normally wear your pants.

To determine the inseam length, measure from crotch to cuff.

Women's Sizes	8	10	12	14	16
Waist Size	22"	24"	26"	28"	30"

### — HAT SIZES —

measure around the largest part of your head.

Circumference	Size	Size
21½-22"	S	6-7/8-7
22¼-22¾"	M	7-1/8-7-1/4
23-23½"	L	7-3/8-7-1/2
24-24¼"	XL	7-5/8-7-3/4

### — GLOVES AND MITTENS —

measure hand around knuckles with hand flat.

(Don't include thumb).

6-6½"	XS
7-7¼"	S
8-8¼"	M
9-9½"	L
10-10½"	XL

### — SOCK SIZES —

use your normal shoe size to determine your sock size.

Women's Shoe Size	Men's Shoe Size	Sock Size
5½-6		8
6½-8		9
8½-9½	8-8½	10
	9-10½	11
	11-11½	12
	12-13	13

# GORE-TEX®

Gore-Tex® is every hiker's dream come true. It combines the breathability and wind resistance of nylon with the waterproof practicality of foul-weather sailing gear. This fabric is the result of W. L. Gore's discovery that a microporous polymeric film, laminated between two layers of nylon, was both waterproof and breathable. Each square inch of Gore-Tex® contains 9 billion pores, each large enough to allow water vapor to pass through, but too small for the passage of water molecules.

Although garments made of Gore-Tex® are marvelous rain wear, that is too limited a range for this fabric. We recommend Gore-Tex® for all seasons. Excellent wind resistance makes it an ideal fabric for outer garments even when it isn't raining. In the winter a Gore-Tex® outer layer keeps down clothing dry without the annoyance of condensation. Gore-Tex® is a field proven fabric, able to withstand the rough usage it encounters during winter hikes, ice climbs, or boating in cold waters. Maintain the efficiency of your Gore-Tex® garment by machine washing with mild soap.

## STORM KING ANORAK

The ultimate outer layer. Waterproof, with a single seam free layer of fabric in the front, where the brunt of the rain hits. The early anoraks were prone to condensation, but Gore-Tex® alleviates this problem, without sacrificing weather resistance. Additional ventilation is available from the zippered neck opening, protected by a wide snap flap, with an interior flap for your chin. A large tunnel pocket in the front protects your hands from rain and cold, with room left over for storage. A drawstring secures the bottom from drafts. Color: blue. Sizes: S, M, L. Av. Wt. 13 oz. Price \$67.00

## STORM KING PARKA

An ideal Gore-Tex® garment for the changeable conditions found in the mountains as well as for everyday use. Waist and hem drawcords to seal out the wind. Large inside pocket for miscellaneous items. The nylon zipper in front has sliders top and bottom, covered by a rain flap with snap closure. Generously sized to fit over down clothing, with a modified raglan sleeve to permit free arm movement. Color: blue. Sizes: S, M, L. Av. Wt. 18 oz. Price \$72.50

## STORM KING PANTS

An ideal match for Storm King upper garments, these Gore-Tex® pants provide complete protection for the lower half of the body. A drawcord at the waist keeps out drafts, while a 16-inch zipper at the cuff allows the pants to be put on over boots. The zipper has an outside rain-flap and a full inside gusset. Front pocket openings are zippered and covered to keep out wind and rain. Color: blue. Sizes: S, M, L. Av. wt. 14 oz. Price \$50.00

## STORM KING CAGOULE

Offering the most coverage of all Storm King garments, the cagoule is ideal for climbers and hikers in rainy climates. Although this garment extends its protection well below the knees, the bell-cut bottom allows an unrestricted walking motion. The cagoule is large enough to completely cover the wearer when sitting or kneeling, thus functioning as an emergency bivouac shelter. A bottom drawcord with a lock tightens to seal out the cold. Snaps permit the lower half to be tucked up out of the way, converting the cagoule to an anorak for less severe conditions or during strenuous activity. Color: blue. Men's sizes: S, M, L. Av. wt. 21 oz. Price \$82.50

## MSR STOVE

The lightest most efficient white gas stove we carry. A real blow torch with enough heat out-put to boil a quart of water in 4 minutes. This is the *all fuel* stove, able to use most fuels with the exception of leaded gasoline which clogs the valves. Because this is a pressurized stove it works well in cold weather and at high altitudes. Works with Sigg fuel bottle (not included). Wt. 16 oz. Price \$45.00

**SIGG BOTTLE 1 PT.** Wt. 4½ oz. Price \$4.50

**SIGG BOTTLE 1 QT.** Wt. 6 oz. Price \$5.00

## FRY-PAN

A cast-aluminum fry-pan coated with Teflon. This is a sturdy, thick aluminum pan with good heat distribution. The collapsible handle is strong enough to support a full load of hash browns. 8" diameter. Wt. 8 oz. Price \$4.75

## KNIFE-FORK-SPOON

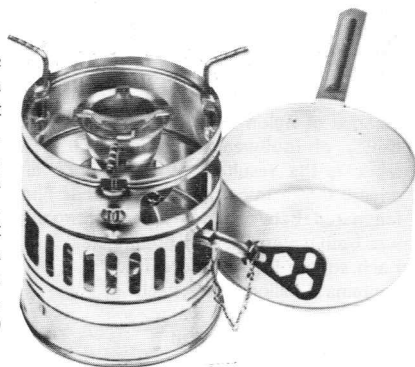

Stainless steel components nest in knife handle. Length: 7½". Wt. 4 oz. Price \$2.25

## HANDY OPENER

Tiny, lightweight, efficient folding can opener. Doubles as screwdriver and lid pryer. Wt. ⅛ oz. \$ .20

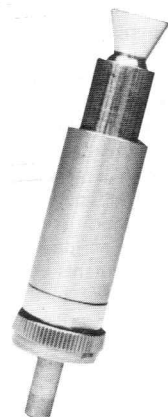

## SVEA 123-R

This Swedish classic remains the most popular backpacking stove on the market today. Burns about 1 hour on ½ pint of white gasoline. Burner has self-cleaning device. Rated to boil 1 quart of water in 6 minutes. Requires no pumping. Integral windscreen serves as pot stand. A small pot is included with stove. Packed size with windscreen and pot — 5" high x 3¼" diameter. Wt. 18 oz. Price \$31.50

## OPTIMUS MINI-PUMP

Improves the cold weather and high altitude starting of the Svea 123-R. Simply replace the stove's fuel tank cap with the special mini-pump pressure cap, and slip the mini-pump over the cap, pumping a few times to force fuel into the priming cup. Then remove the pump until the next time it is needed. Wt. 2 oz. Price \$6.00

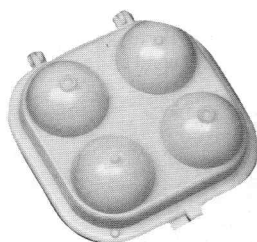

## MINI STOVE

This little stove is lightweight, compact, efficient and easy to assemble. The liquid feed gas supply gives it excellent low temperature performance. Very easy to operate — there is no need to prime it before lighting. Burns 2½ hours per cartridge. Cartridge is removable. Boils one quart of water in about 6 minutes. Shipped with one cartridge. Wt. with full cartridge: 17½ oz. Price \$20.00  
Cartridges: Wt. 9¼ oz. Price \$ 1.50

## EGGERS

Heavy plastic case with a secure latch protects your eggs from impact while hiking or traveling. (Will not fit extra-large eggs.)  
**FOUR EGGS** Wt. 3 oz. \$1.00  
**SIX EGGS** Wt. 4 oz. \$1.15

## NYLON SPATULA

Fiberglass-reinforced nylon spatula. Heat-resistant up to 495°F. Ideal for Teflon surfaces. Wt. 2 oz. Price \$ .85

## BOTAS

Genuine Spanish leather botas lined with a tasteless clear latex, to carry the full range of your favorite beverages. Their soft rounded shape carries comfortably, in contrast to hard canteens. Red sling cord. Wt. 5 oz.  
**1 QUART** Price \$4.50  
**1½ QUART** Price \$5.00

### WIDE-MOUTH BOTTLES

Unbreakable polyethylene. Positive sealing heavy-duty lid.

1 pt., Wt. 2 $\frac{3}{4}$  oz. Price \$1.35  
1 qt., Wt. 5 $\frac{1}{2}$  oz. Price \$2.25

### WIDE MOUTH BOTTLES WITH ATTACHED CAP

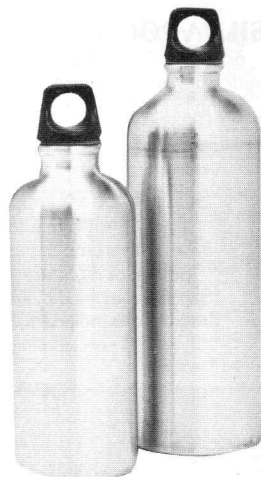

A plastic bottle with a non-loseable plug stopper and screw cap.

1 pt., Wt. 2 $\frac{1}{2}$  oz. Price \$1.00  
1 qt., Wt. 3 oz. Price \$1.25

### PLASTIC FLASK

Unbreakable. Translucent frosted finish. Shaped to fit hip. 10 oz. capacity. Two caps, outer one measures 1 fluid oz. Wt. 2 oz.

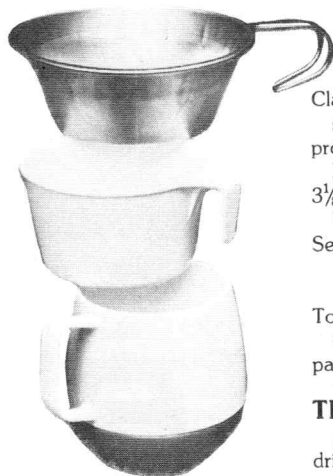

Price \$2.25

### SIGG ALUMINUM BOTTLES

Swiss made. Bottles are leakproof and non-corrosive. Plastic cap, spun aluminum finish. Good fuel bottles.

PINT, Wt. 4 $\frac{1}{2}$  oz. Price \$4.50  
QUART, Wt. 6 oz. Price \$5.00

### SIERRA CUP

Classic stainless steel design, far superior to other metals as it is less prone to heat up when filled with hot liquids. 4 $\frac{1}{2}$ " top diameter.

3 $\frac{1}{8}$ " at base, 1 $\frac{3}{4}$ " deep, nesting.  
Wt. 3 oz. Price \$2.00  
Set of 3 Price \$5.75

### PLASTIC CUP

Tough, flexible polypropylene. Marked in  $\frac{1}{4}$ -cup increments. Cups nest for packing. Wt. 1 oz. Price \$ .35

**THERMOS CUP** This insulated plastic cup will really keep your cold drinks cold and your hot drinks hot.

Weighs less than 2 oz. and is virtually indestructible. Price: \$1.25

### BILLYS

These durable, fast-heating, aluminum pots come in three different sizes. They all feature bail handles and flat bottoms to insure stability on a stove or fire. The lids have ring grips for easy removal to check what's cooking inside.

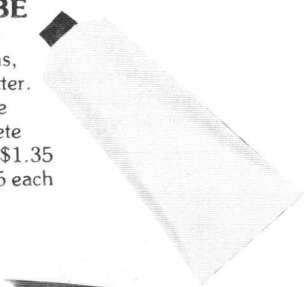

1 QUART, Wt. 10 oz. \$3.75  
2 QUART, Wt. 14 oz. \$5.00  
3 QUART, Wt. 18 oz. \$5.75

### POLY-SQUEEZE TUBE

Solves the packaging problem for hard-to-carry foods; jams, margarine, honey, peanut butter.

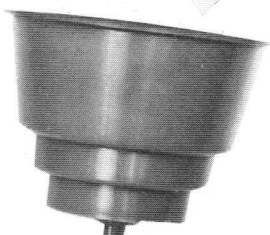

Refillable by disengaging the clip at the end. Comes complete with a clip. Wt.  $\frac{1}{2}$  oz. 3 for \$1.35  
Extra Clips \$ .05 each

### MARTEX WATER FILTER

A portable device that will process up to 5,000 glasses of clean water. That works out to less than 2¢ per glass of water. It will make even polluted, cloudy water safe to drink, and the filter removes bacteria, including amoebic cysts.

Wt. 3 oz. Price \$10.00

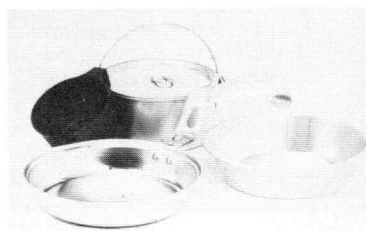

### 13 PIECE SIERRA CAMP KIT

All the cooking gear a group of four will need. This is a sturdy aluminum set, a stable design for steady cooking over a fire. The pots have bail handles for ease of lifting while cooking. The kit includes four 8 oz. plastic cups, four aluminum plates, a 2 quart kettle, a 4 quart kettle, and an 8" fry pan with a separable handle. The handle can be used with the plates or the kettles for steadying a full hot load. Wt. 3 lbs. 10 oz. Price \$11.00

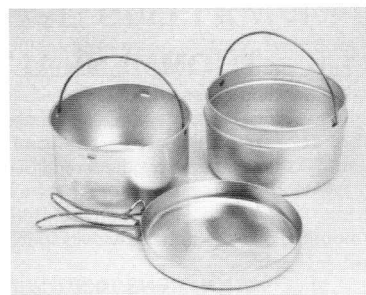

### MESS KIT

An improved mess kit, with a teflon coated fry pan to avoid the stickiness otherwise associated with aluminum. The kit also includes a  $\frac{3}{4}$  quart kettle with cover, 7" dish, and an 8 oz. plastic cup. All the components nest together, with the 7" fry pan and dish forming a compact carrying case. A cloth cover is included. Wt. 1 lb. 2 oz. Price \$6.95

### MOUNTAIN COOKSET

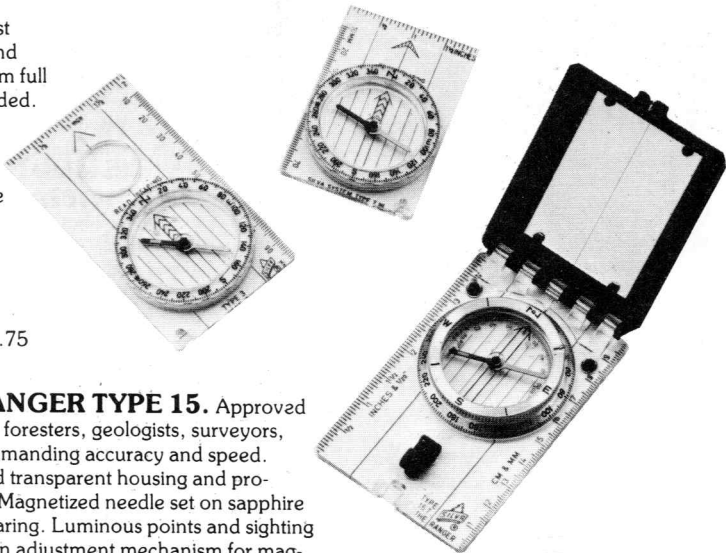

Strong and compact aluminum 3-piece set consisting of two pots with bail handles and a fry pan with folding wire handle. Wt. 21 oz. Price \$5.00

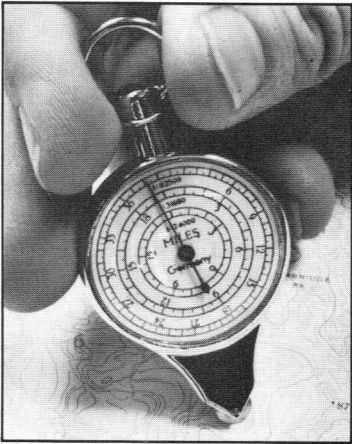

**SILVA POLARIS TYPE 7** The Polaris is the most popular model in the Silva line. It offers Silva quality and performance with liquid filled needle action that stops from full swing in just four seconds. Complete instructions included. Size: 2" x 3". Wt. 1 oz. Price \$5.25

**SILVA EXPORER TYPE 3.** Similar to the Type 7, but with added features. It has a longer base, with a built-in magnifying glass, luminous points for night use. Comes with a lanyard. Sapphire jeweled bearings for accurate reading. Instructions included. Size: 2" x 4". Wt. 1 1/2 oz. Price \$8.75

**SILVA RANGER TYPE 15.** Approved for use by foresters, geologists, surveyors, and others demanding accuracy and speed. Liquid filled transparent housing and protractor plate. Magnetized needle set on sapphire jeweled bearing. Luminous points and sighting mirror. Built-in adjustment mechanism for magnetic declination. Complete with instructions. Size: 2 1/2" x 4". Wt. 3 oz. Price \$28.00

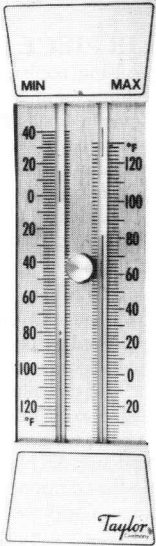

**MAP MEASURER**  
1:62,500, 1:31,680 and 1:24,000 scale maps can be read simply by running the wheel over the distance to be measured; mileage will appear directly on the dial. Reverse dial for other scales. Precision made. 2 7/8" long. Nickel plated. Wt. 1 oz. Price \$6.00

**PEDOMETERS**  
Quality instruments to measure your stride while walking or jogging. The walking pedometer records strides up to 6', and distances up to 25 miles. The jogging pedometer will measure strides up to 6', and records only your jogging strides. Specify walking or jogging pedometer. Wt. 3 oz. Price \$12.50

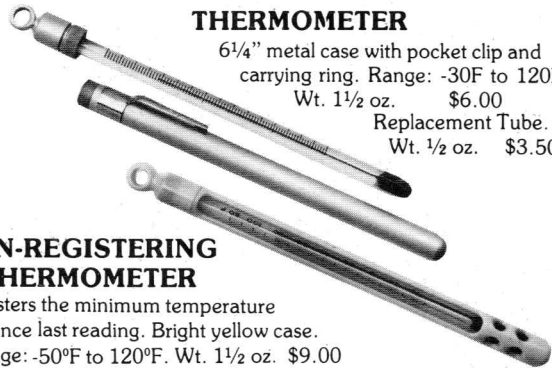

**THERMOMETER**  
6 1/4" metal case with pocket clip and carrying ring. Range: -30F to 120F. Wt. 1 1/2 oz. \$6.00  
Replacement Tube. Wt. 1/2 oz. \$3.50

**MAX/MIN THERMOMETER**  
Substantiation for those old arguments about how cold it "really" got last night or how hot it was in the shade. This German made precision thermometer from Taylor instruments has a handy push button to reset indicators to their start positions. -40 to +130 Fahrenheit scale. Wt. 6 oz. Price \$15.00

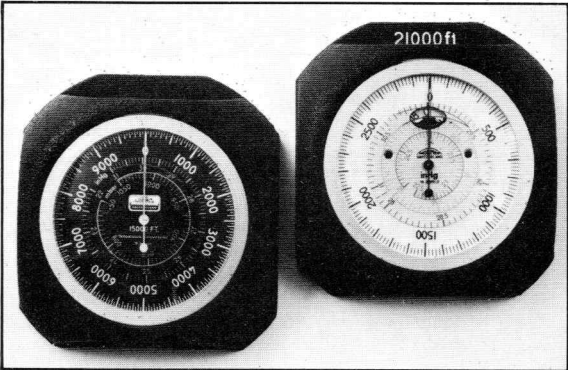

**MIN-REGISTERING THERMOMETER**  
Registers the minimum temperature since last reading. Bright yellow case. Range: -50°F to 120°F. Wt. 1 1/2 oz. \$9.00

**THOMMENS ALTIMETERS**  
Traditional Swiss accuracy costs a little more, but it's worth it when you consider the dependability and sturdiness of these instruments. Thommens Altimeters accompany more expeditions and scientific studies than any other brand of altimeter. They compensate for temperature changes and have a barometric scale with a range of 22.5" to 31" of mercury. Both are 2 3/8" x 2 1/4" x 7/8". Can be mounted on solid surfaces with included base. Lanyard and instruction booklet. Wt. 4 oz.

**THOMMENS 1000** (Up to 15,000 ft.) Price \$75.00  
**THOMMENS 2000** (Up to 21,000 ft.) Price \$127.50

## KERSHAW KNIVES

Kershaw blades combine a tradition of quality that extends back to the Samurai sword makers with an ease of sharpening previously not available with stainless blades. The knives are designed with pockets in mind — there are no sharp corners to wear your pants out. Rosewood inlays accent the stainless-steel cases.

**A — CHUM** — 2½" long. 1⅝" locking blade. Wt. 1⅛ oz.

Price \$14.50

**B — GOOD BUDDY** — 2½" long. 1⅝" blade and nail file/open-er/screwdriver. Wt. 1¼ oz.

Price \$14.50

**C — ROGUE** — 3" long. 2⅝" locking blade. Wt. 2 oz. Price \$19.50

**D — RUSTLER** — 3" long. 2⅝" locking blade and 1¾" clip blade. Wt. 2¼ oz. Price \$21.50

**E — DUDE** — 3" long. 2⅝" locking blade, 1¼" clip blade and scissors. Wt. 2½ oz. Price \$24.50

## VICTORINOX SWISS ARMY KNIVES

The original Swiss army knife and probably the finest. These universal handy pocket wonders are indispensable! The blades and tools are of forged stainless steel and the bright red handles are unbreakable.

**A — SPARTAN.** 10 tools. (Large and small blades, two screwdrivers, can opener, bottle opener, wire stripper, reamer, corkscrew and lanyard ring.) Wt. 2¾ oz. Price \$11.00

**B — SUPER TINKER.** 13 tools (Same features as Spartan plus scissors, Phillips screwdriver, toothpick and tweezers. No corkscrew). Wt. 2¾ oz. Price \$20.00

**C — BACKPACKER.** 13 tools (Same features as Super Tinker but substitute corkscrew for Phillips screwdriver.) Wt. 3 oz. Price \$17.00

**D — CHAMPION.** 24 tools (Same features as Spartan plus: scissors, Phillips screwdriver, magnifying glass, wood and metal saw, fish scaler with hook disgorging and ruler, nail file and cleaner, fine screwdriver, metal file, tweezers and toothpick. Wt. 5¼ oz. Price \$32.00

## RUSSELL BELT KNIVES

The recipient of numerous design awards for beauty and function, these knives are hand-crafted in Nova Scotia. A high carbon Swedish steel blade takes and holds a keen cutting edge. The rosewood handle is secured to the full tang by three brass rivets. A protective cowhide scabbard comes with both knives. 4" blade.

**STANDARD** (broad blade) Wt. 6 oz.

Price \$19.00

**TROUT KNIFE** (narrow blade) Wt. 3½ oz.

Price \$17.50

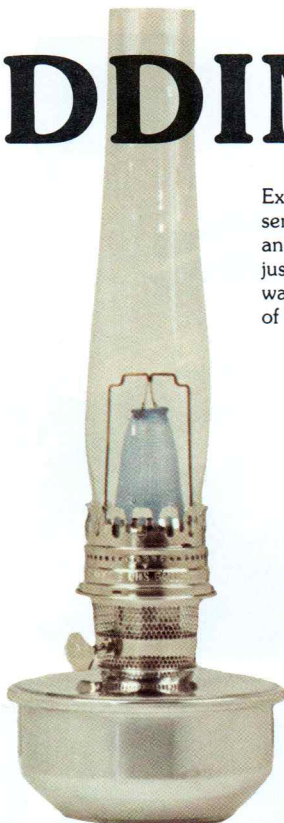

# ALADDIN LAMPS

Exclusive mantle/burner makes Aladdin the most efficient kerosene burning lamp ever designed. Burning a blend of 94% air and 6% kerosene, these lamps emit a steady white light adjustable in intensity from candle-glow to the equivalent of 100 watts of electric light. Fuel consumption is 50 hours per gallon of kerosene. Aladdin lamps are smokeless, odorless and silent.

## LOW-BOY

The Low-Boy is an inexpensive, dependable, all-purpose table lamp for camp or home. Simple aluminum fount without separate base keeps weight low for stability. Comes complete with mantle, wick, and wick cleaner. Wt. 1 lb. 5 oz. Price \$26.50

## COLONIAL

An authentic reproduction of the original Aladdin lamp, the Colonial is fashionably functional. Distinctive hand-blown amber glass base. Burlap shade provides soft light for setting the mood. Burns 12 hours on one quart of kerosene and puts out a light intensity equal to a 75 watt electric bulb. Wt. 5 lbs. Price \$46.50

## TURN OF THE CENTURY

Elegant charm and nostalgia combined in an efficient, reliable kerosene lamp recalling the fabulous "gas light" era. Bowl and burner are polished brass, complemented by Aladdin's white glass shade — an original design of hand-painted dogwood blossoms. Overall height 23½". Whether you use it as a distinctive "decorator touch" in accent lighting or as a primary source of light, the Aladdin lamp is always dependable.

Wt. 4 lbs. 2 oz.

Price \$67.50

### PARTS FOR ALADDIN LAMPS

<b>CHIMNEYS.</b> Reg. (use under 5,000 ft.) Wt. 7 oz.	\$5.00
High Altitude (use over 5,000 ft.) Wt. 8 oz.	\$5.25
<b>MANTLE.</b> Wt. ½ oz.	\$1.25
<b>WICK.</b> (Specify burner model "C" or "23" as indicated on adjusting knob.) Wt. 1 oz.	\$1.95
<b>WICK CLEANER.</b> Wt. ½ oz.	\$ .65

# SLEEPING BAGS

A warm sleeping bag is essential to any camper's comfort and is probably their most important single purchase. The backpacker requires a sleeping bag that is lightweight and compresses easily for packing. Often, when shopping for a sleeping bag, people ask for "the best bag in the house." There is no such thing, there is only the best bag for an individual's needs. As a general rule one should choose a bag for the coldest use expected and then select the highest quality you can afford.

**TENAYA NYLON.** Trailwise developed Tenaya nylon for use in down-filled sleeping bags. Beginning with a 50 denier thread, Tenaya is tightly woven with 160 x 140 threads per inch. This high-density cloth after a special finishing process, is down-proof and water-resistant. Tenaya has a smooth silken texture and an outstanding weight/strength ratio.

**DOWN.** A sleeping bag does not produce warmth — it acts as an insulator to conserve body heat. Ounce for ounce down provides more insulation than any other material. Down varies greatly in quality and even the best down comes in two grades. Bag-grade down used by most manufacturers contains from 12% to 20% feathers. Garment-grade down used by Trailwise contains 10% feathers or less. This down has a minimum filling capacity of 600 cubic inches per ounce compared to the industry standard of 550.

**POLARGUARD®** is a man-made insulating material — developed by the Celanese Corp. It absorbs less than 1/10 of 1% of its own weight in water and retains its effective insulation value even when wet. The fibers dry quickly without matting. Because Polarguard® is a continuous fiber it does not shift and

develop cold spots associated with other synthetics. The continuous filaments are actually strengthened by the quilting seams sewn into a bag.

**SHAPE.** All Trailwise bags are a mummy, or modified mummy design. This design significantly increases the insulating efficiency of the bag and keeps weight to a minimum. The hood and shoulder areas of Trailwise sleeping bags are contoured so that they will pull shut to form a smooth and effective hood.

**BAFFLES.** To achieve maximum loft and prevent cold spots, Trailwise sleeping bags are differentially cut (i.e. the inner shell is a smaller diameter than the outer shell). Baffles are cut from strong nylon netting and sewn between the two differential shells thus preventing the down from shifting and bunching. Trailwise uses a slanted baffle offset a half-tube width for maximum loft. The baffles are separately sewn off to make each down tube a closed unit, completely eliminating down-shift between the tubes.

**ZIPPERS.** All Trailwise bags come with a heavy nylon coil zipper which opens from either the head or the foot for optimum temperature control. Any right and left bag, even though they are different styles or lengths, may be zipped together to form a double bag. Trailwise uses an insulated draft flap behind the zippers to eliminate any drafts.

**QUALITY.** All Trailwise bags are constructed by seamstresses who are personally responsible for that bag. Individuals take pride in their work at Trailwise and this results in a quality control impossible with assembly-line, piece-work construction.

## SLIMLINE

The Slimline, our most popular bag, is designed for the mountaineer or backpacker who must keep weight and bulk to a minimum without sacrificing warmth. The snug, form-fitting Slimline shell minimizes heat loss, resulting in a more efficient, warmer bag. A 7½" differential cut allows maximum lofting of the "600" goose down, while slanting Chevron baffles sewn at 5" intervals stabilize the down. Each tube is individually sewn off to positively eliminate down shift between tubes. The Slimline is a versatile bag for use under all but the most extreme conditions. The shell is made of the finest water-repellent Tenaya nylon. A nylon coil double slider zipper is available on either right or left side so that the Slimline may be ordered in matching pairs that zip together. The double slider arrangement also allows the bag to be opened from head and foot for maximum ventilation and temperature control. Self-forming draw cord hood. Colors are blue or green. Supplied with stuffsack.

**SLIMLINE 1** (will fit persons up to 5'8") 22 oz. filled Wt. 44 oz. Price \$200.00 **SLIMLINE 3** (will fit persons up to 6') 24 oz. fill. Wt. 47 oz. Price \$210.00 **SLIMLINE 5** (will fit persons up to 6'5") 28 oz. fill. Wt. 49 oz. Price \$220.00.

Slimline bags are available with a 6 oz. overfill for \$25.00 extra. Specify "overfill" when ordering and allow 3-4 weeks for delivery.

# MANATEE

An all-around 3 season bag with Tenaya nylon shell and Polarguard® fill. Polarguard® developed by Celanese, retains its insulating qualities through repeated soakings and abuse. It absorbs only 1/10 of 1% of its weight in water so that, even if the Manatee gets wet, it is quickly and easily dried in the sun. Being a synthetic fiber, Polarguard® is the logical choice of those who get sneezy around down. Modified mummy styling. Lateral baffling. Drawcord hood. Two-way separating nylon zipper on right or left side allowing bags to be zippered together. Color: blue or green.

**MANATEE 2** (will fit persons up to 5' 10").

Approximate fill wt. 52 oz. Wt. 60 oz.

Price \$72.00

**MANATEE 4** (will fit persons up to 6' 2").

Approximate fill wt. 56 oz. Wt. 64 oz.

Price \$77.00

# MINATAUR

The top of the line in Trailwise Polarguard® bags. This is a true four-season bag with a temperature rating of 0°.

The top is constructed of four layers of Polarguard®. Only the two shell layers are quilted 5.3 oz. Polarguard® leaving the thick inner layers of 8 oz. Polarguard® to reach maximum loft with no cold spots. The same superior construction is continued on the bottom three layers of 5.3 oz. Polarguard®.

In the foot area an 8 oz. layer is sandwiched between two 5.3 oz. layers of Polarguard®. Although this complicated layering of the Polarguard® takes a little longer, Trailwise feels that it adds warmth while still holding weight to a minimum, yielding an extremely efficient insulating system. The bag has an outstanding ratio of warmth to weight for a synthetic fill. Double slider zipper. Right and left Minataur's or any Trailwise bag, will zip together to form a double bag. Available in blue or green Tenaya nylon. Comes with stuffsack.

**MINATAUR 2** (will fit persons up to 5' 10")

Approximate fill weight 64 oz.

Wt. 4 lbs. 12 oz.

Price \$96.50

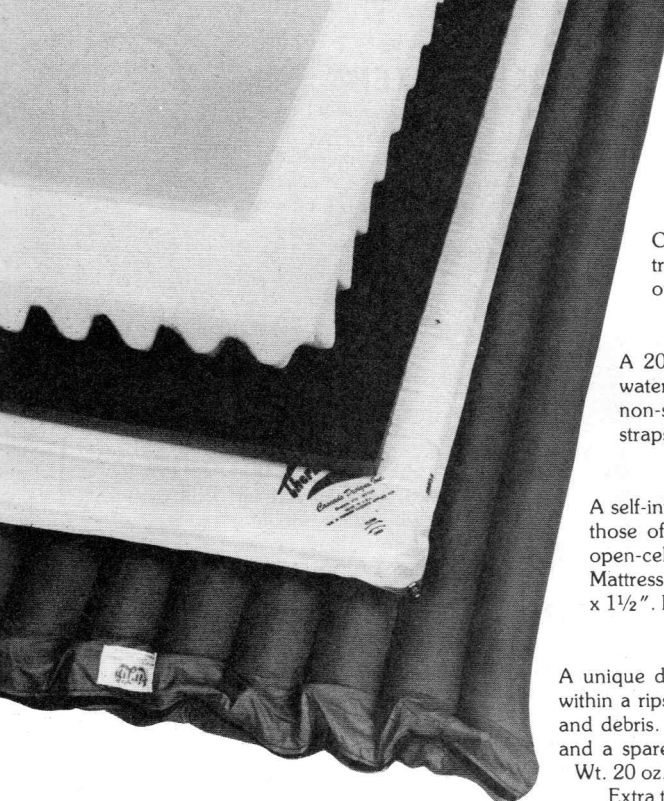

**MINATAUR 4** (will fit persons up to 6' 2")

Approximate fill weight 68 oz.

Wt. 5 lbs. 4 oz.

Price \$99.50

### ENSOLITE SLEEPING PAD

Unicellular material will not soak up water like foam rubber. Reasonable comfort with superior insulation from ground cold and dampness.  $\frac{3}{8}$ " thick. 18" x 42". Wt. 14 oz. \$6.50  
21" x 56". Wt. 20 oz. \$9.50

### POLYURETHANE MAT

Convuluted polyurethane. Although more bulky than an air mattress, it is equal in comfort, lighter and superior in insulation. 2" overall thickness. 21" x 76". Wt. 32 oz. \$6.50

### SIERRA WEST FOAM PAD

A 20" x 50" x 1½" foam pad covered with nylon. Bottom side is waterproof while the top has been treated to give it the feel and non-slip qualities of cotton. The pad can be rolled and secured by straps. Color: green. Wt. 27 oz. \$16.50

### THERMA-REST PAD

A self-inflating mattress combining the best features of an air mattress with those of a foam pad. Made with an airtight outer shell surrounding an open-cell foam core. Deflated by opening a valve and rolling the air out. Mattress remains rolled when valve is closed. Inflated size: 47" x 19" x 1½". Rolled size: 5" x 19". Color: yellow. Wt. 23 oz. \$31.00

### AIRLIFT MATTRESS

A unique design of individual polyvinyl air tubes in separate compartments within a ripstop nylon taffeta shell. Nylon zipper closes shell to keep out dirt and debris. Tubes are individually inflated and if punctured can be removed and a spare inserted. Stuffsack and spare tube included. Size: 42" x 20". Wt. 20 oz. \$19.50  
Extra tube \$ 1.50

### SIERRA WEST 2-MAN GROUND SHEET

A single 60" x 96" piece of waterproofed ripstop nylon with eight reinforced grommets around the perimeter. Color: assorted. Wt. 15½ oz. \$17.00

### SLEEPING BAG COVER/BIVOUAC SAC

Rectangular shape to fit sleeping bag. Coated nylon bottom panel is waterproof and measures 43" x 90". Breathable top panel is 41" x 76". 50" nylon coil zipper is located on one side for easy access. Corner grommets. Will double as a tarp or groundsheet. Stuffsack included. Color: assorted. Wt. 18 oz. \$28.00

### SLEEPING BAG STORAGE SACK

An oversized, breathable fabric sack for storing your sleeping bag without crushing the down. 12" x 35" with drawstring closure. Adaptable for a variety of uses. Color: assorted. Wt. 8 oz. \$5.00

### TRAILWISE STUFFBAGS

Made of lightweight coated waterproof nylon. Drawcord closure with nylon slide lock.

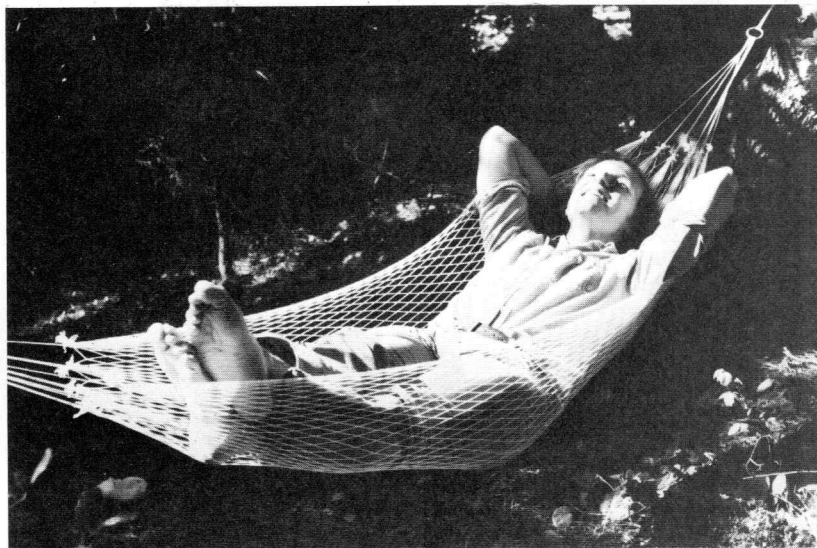

4" x 6"	Wt. 1 oz.	\$1.50
5" x 10"	Wt. 1¾ oz.	\$1.65
7" x 11"	Wt. 2 oz.	\$2.25
7" x 18"	Wt. 2¼ oz.	\$2.50
9" x 18"	Wt. 2½ oz.	\$2.75
9" x 21"	Wt. 2¾ oz.	\$3.00

### SIERRA WEST COMPRESSOR BAG

A heavy nylon duck stuff bag measuring 13" x 22". Three adjustable nylon straps can be tightened to further compress contents, reducing bag diameter to 6". Good for bulky sleeping bags. Wt. 5 oz. \$8.75

### STEBCO AIR PILLOW

Inflatable nylon. Size 15" x 18". Color: green. Wt. 5 oz. \$3.50

### SPORTS HAMMOCK

Our nylon mesh hammock is a favorite year after year. More than a bed, it can also be used for suspending supplies in camp or as a rescue stretcher. Tie ropes and metal attachment rings are included. Full size 4' by 6½' net rolls into a pocket size ball. Wt. 8 oz. Price: \$7.00

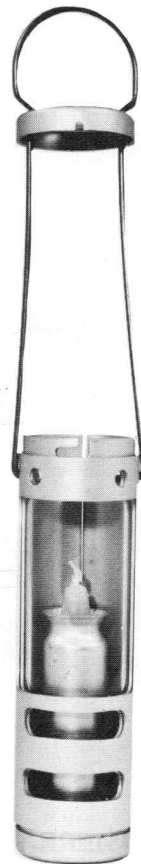

## CANDLE LANTERN

An improved version of the old candle lantern.

Features a springfed candle system for steady even burning at any altitude. The reflection cylinder is made of Pyrex with a combination heat shield/locking cap. A dripless collar collects the run-off wax. Lantern will burn 1/2 a pink lady candle. Wt. 6 oz.

Price \$11.00

**CANDLES** Wt. 14 oz.  
\$1.25/dozen

## KEL-LITE

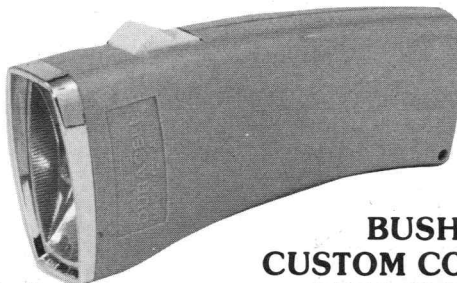

The best flashlight available anywhere at any price. Unbreakable and absolutely reliable, the Kel-Lite is the flashlight preferred by law enforcement and government agencies. Machined aircraft aluminum alloy case with textured non-slip grip has non-reflective black anodized finish. Rust and corrosion proof. Unbreakable lens. Lifetime warranty for the original owner. Batteries not included.

<b>2-C CELL.</b>	Wt. 6 oz.	Price \$15.00
<b>3-C CELL</b>	Wt. 10 oz.	Price \$15.50
<b>3-D CELL</b>	Wt. 17 oz.	Price \$26.50

## MALLORY FLASHLIGHT

Compact flashlight that throws 250-foot beam.

Molded plastic case. Comes with 2AA Duracell batteries. Case is 4" long. Wt. (w/battery) 2 3/4 oz.  
Price \$2.75

## ALKALINE BATTERIES

Five to ten times the life of an ordinary battery.

<b>"AA" CELL</b>	Wt. 1 oz.	\$ .85 ea.
<b>"C" CELL</b>	Wt. 3 oz.	\$1.00 ea.
<b>"D" CELL</b>	Wt. 4 oz.	\$1.15 ea.

## BULBS

<b>PR3</b> (3C or D cells)	\$ .40
<b>PR4</b> (2C or AA cells)	\$ .40

## VUARNETS

One of the most protective sunglasses available. The tempered optical quality lenses are cadmium coated on both sides to screen infrared and ultra-violet rays. The dark amber tint makes these glasses equally effective in bright sunlight and flat light at all altitudes. Available with flexible nylon frames that are virtually unbreakable with either regular or wired ear bows. Also available in a 14 carat gold aviator frame with slightly larger lenses. All glasses come with cases.

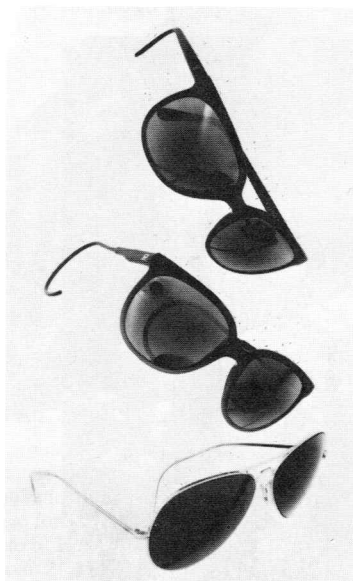

Av. wt. 2 oz.

**MEN'S VUARNET** (black frame)  
Price \$31.00

**WOMEN'S VUARNET** (navy blue frame)  
Price \$31.00

**MEN'S WIRED VUARNET** (tortoiseshell frame)  
Price \$37.50

**AVIATOR VUARNET** (14 carat gold frame)  
Price \$58.50

## BUSHNELL CUSTOM COMPACT BINOCULARS

Three inches high and weighing only 11 ounces, the Custom Compact easily fits into jacket or shirt pocket. Featuring superb optics, rugged construction and extendable eye cups that give a full field of vision with or without glasses. Clarity and brilliance are unsurpassed.

Comes in a carrying case of black cowhide.

Twenty-year factory warranty.

Center focus 7 x 26 — 7 times magnification. Field of view at 1,000 yards: 368'

Wt. 11 oz.  
Price \$150.00

## RAILROADERS

An old design that has proved itself for years with travelers around the world. Railroaders are made from 11.5 oz. waterproof Cordura nylon with smooth running nylon coil zippers. Three handy outside pockets and main compartment. Color: rust.

**SHOULDER BAG** — Wide nylon webbing strap. Capacity: approx. 1000 cubic inches. Wt. 15 oz. Price \$22.50

**RAILROADER** — Leather cinch on straps. Capacity: approx. 2000 cubic inches. Wt. 26 oz. Price \$36.95

## CARIBOU DUFFER

A duffel bag that becomes an occasional backpack with adjustable 2" nylon shoulder straps. Made of 8 oz. nylon pack-cloth with a two-way zipper closure and outside pockets. Colors: brown or blue. Capacity: 1680 cubic inches. Size: 20" x 14" x 6". Wt. 17¾ oz. Price \$18.00

## HINE BELT POUCH

A convenient and easily accessible pouch for snacks, glasses, first-aid, supplies, and anything small. Made of waterproof nylon. Nylon zipper and belt loops. Size 4½" x 7½" x 2". Colors: red or blue. Wt. 2 oz. Price \$4.50

## TAMARACK

Traveling in the woods or around the world by air, thumb or canoe, the Tamarack is the pack for you. The comfort and stability of this pack come from the proven internal "X" stays in combination with the modified yoke suspension. The stays afford a wide base and positive weight transfer to the waist belt while the adjustable yoke suspension allows almost everyone, large or small, to fit the pack exactly. The Tamarack has an easy access inverted "U" zipper and three large external pockets. Internal tie downs for large items like tents. 11 oz. Cordura nylon. Capacity: 3000 cubic inches. Colors: blue or red. Wt. 3 lbs. 4 oz. Price \$74.50

## DOLT TRAVEL PACK

Made from waterproof 11 oz. Cordura nylon. Padded shoulder straps and hip belt. Two zippered side pockets. Internal aluminum frame and fully padded back panel. The strap system zips into a concealed compartment allowing the backpack to convert into hand carried luggage. Capacity: 2900 cubic inches. Color: blue. Wt. 62 oz. Price \$57.50

## SKI HUT KNAPSACK

Our popular low-priced knapsack with padded adjustable shoulder straps. Two zippered pockets and waist strap. Measures 6" x 14" x 16". Made from coated nylon. Colors: red, blue or yellow. Wt. 18 oz. Price \$12.00

## HUMMINGBIRD

A medium-size day pack with enough room for books and an extra sweater. The main compartment opens fully across the top with a covered double pull zipper. A separate diagonally zippered back pocket can easily accommodate folders or your lunch. Made of Cordura nylon. Capacity: 850 cubic inches. Colors: blue, green or rust. Wt. 2 lbs. Price \$19.50

## HONEY BEE

This pack was designed with small children in mind. It fits the narrower shoulders and shorter torsos of kids. The zippered back pocket is perfect for school supplies or lunch on a day hike. The top opening compartment is covered with a waterproof flap for weather protection. Capacity: 360 cubic inches. Color: blue, green or rust. Av. wt. 6 oz. Price \$8.50

## ALPHA SPECIAL

A mid-sized internal frame pack with a maximum number of compartments and flexible dividers. The bottom compartment is large enough for most sleeping bags and is topped by a zipper that drops the flap separating the upper and lower sections. The upper section has a two-way lace-in center division. Five outside pockets. Hine's famous "X" frame and padded hip belt. 11 oz. Cordura. Ski slots behind side pockets. Cross chest strap. Capacity: 3400 + cubic inches. Colors: red or blue. Wt. 3 lbs. 15 oz.

Price \$98.00

## VAGABOND

This pack is for anyone who likes to travel — whether by airplane or by skis. A unique removable internal frame system transfers the weight to the padded hip belt. Made of 11.5 oz. Cordura with a large top pocket and three generously sized outside pockets. A nylon covered 1/2" foam pad protects your back. Ski slots behind side pockets, ice ax loop and leather accessory patches. Capacity: 2800 cubic inches. Color: brown. Wt. 2 lbs. 6 oz.

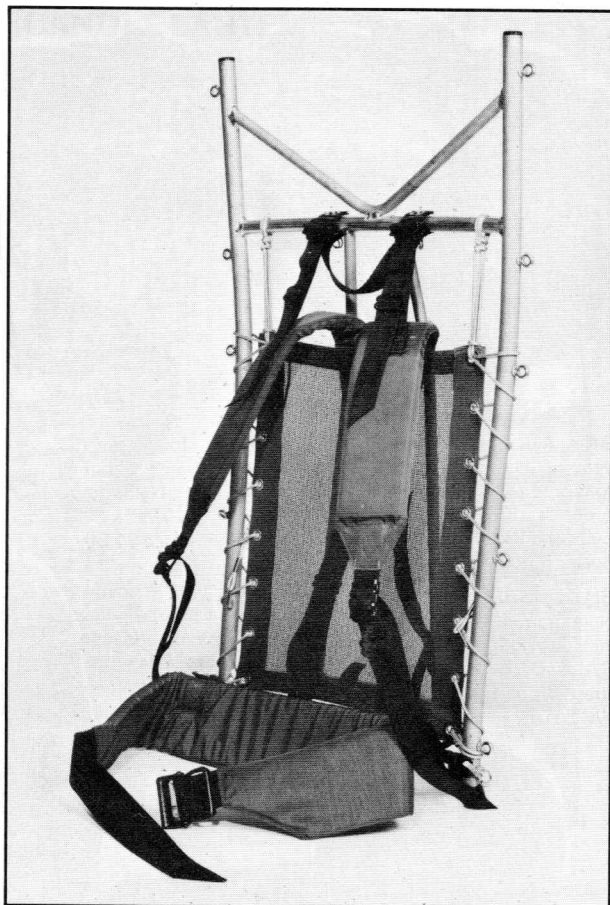

Price \$49.50

## KID'S FRAME PACK

Finally — a kid's pack that fits properly on their smaller frames, grows along with them and supports their loads properly. The pack's strong "S" contoured aluminum frame has a unique heli-arc welded sliding adjustment on the top brace providing a proper fit for ages 6-13. Double-slider "U" zipper on front, two zipper pockets, waist belt and padded shoulder straps. Color: green. Capacity: 1100 cubic inches. Wt. 2 lbs. 7 oz.

Price \$40.00

## TRAILWISE PACK FRAME

Comfort, durability and lightness have been the foremost considerations in designing the Trailwise frame. The frame is formed of thick walled, non-corrosive 6061 T6 aluminum alloy and every joint is heli-arc welded so that all components contribute to structural strength. The tapered, contoured frame shapes the load around the back and extends the effective carrying area of the back, both in width and height. A full mesh back panel distributes weight and provides maximum air circulation between pack and wearer. Ensolite padded cross straps gives excellent weight distribution and allow the load to be transferred to the hips. The wide 3 1/2" full circle padded hip belt comfortably supports the weight when it is transferred from the shoulders. A nylon hauling strap is secured to the cross member. Rivnuts and eye bolts for mounting Trailwise pack bags are included. The eyebolts can also be used as lashing points. Sizes:

**SMALL**, Wt. 35 oz., **MEDIUM**, Wt. 37 oz. or **LARGE**, Wt. 40 oz.  
Price \$55.00

## TRAILWISE PACK FRAME FITTING CHART

Back size — measured from hip bone to top of shoulder.  
13"-16" Small Pack Frame  
17"-20" Medium Pack Frame  
21"-26" Large Pack Frame

## TRAILWISE PACKFRAME ACCESSORIES

**SHOULDER YOKE** — Wt. 8 oz. Price \$12.00  
**NYLON MESH BACK** — Size: Medium 12" x 14 1/2" or large 13 1/4" x 17". Wt. 3 oz. Price \$9.00  
**PADDED HIP BELT** — Size: medium or large. Wt. 5 oz. Price \$9.50  
**PACK FRAME REPAIR KIT**. 2 clevis pins, 4 eyebolts, 2 plugs, 2 caps, 2 tabler buckles. Wt. 2 oz. Price \$1.50

# 72

## TRAILWISE BACKPACK #72

The pack that Colin Fletcher made famous in his book *The Complete Walker*. An undivided capacious sack measuring 17" x 29" 9½" \* (4783 cu. in.). Roomy enough to hold all your gear for extended outings. The zippered side pockets and rear pocket add 1150 cu. in. for a total capacity of 5933 cu. in. Access to the pockets is by storm-flap covered zippers. It is made of 420 denier heavy-duty waterproof nylon — stronger and more resistant to abrasion than the lighter weight nylons used by many other manufacturers. Aluminum "U" tube holds bag open for easy access. Leather tie-down patches and accessory straps are strategically located. Ice axe loop provided. Comes mounted on the Trailwise frame. Specify frame size. Colors: blue or brown. \* (dimensions are for large bag, medium & small bag approximately 1" smaller). Av. wt. 4 lbs. 3 oz. Price \$105.00

## TRAILWISE PACK BAG #72

Bag only. Specify size and color. Av. wt. 30 oz.  
Price \$50.00

# 74

## TRAILWISE BACKPACK #74

Our most versatile and popular pack bag. The ¾ length sack is divided into upper and lower compartments with zippered access to the lower section on three sides. The four side pockets have covered nylon zippers. The back pocket also closes with a nylon zipper and is mounted high up under the top flap for better weight distribution. Two nylon straps are permanently sewn into the bottom to secure your sleeping bag. Made of extra-heavy 420 denier waterproof nylon. Mounted on Trailwise frame; specify size. Capacity: 3060 cubic inches. Colors: brown or blue. Av. wt. 4 lbs. 4 oz. Price \$96.50

## TRAILWISE PACK BAG #74

Bag only. Specify size & color. Av. wt. 28 oz.  
Price \$41.50

## HEAVY-DUTY STUFFBAG

Protection for sleeping bag when mounted below pack bag. Same material as Trailwise pack bag. Size: 9" x 18". Colors: brown or blue. Wt. 5½ oz. Price \$5.00

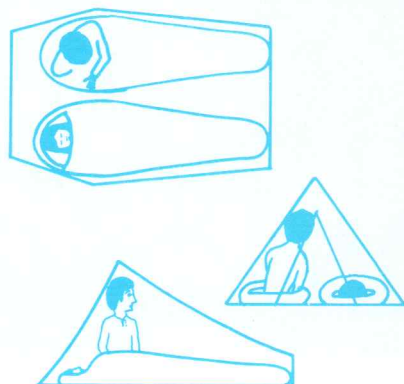

## HALF ASPEN

This tent will surprise you with its combination of light weight, low price, and substantial three-season security. The single "A"-frame pole set is canted to the rear, eliminating front guy lines. The canopy slopes from the front to the rear, where two 13" fiberglass rods give rigid support to the back corners. The double zippered front entrance is backed with a netting door. Netted skylight in rear; coated nylon fly; Colors: blue or tan. Complete with rainfly, poles, pegs and stuffsack. Wt. 5 lbs. 6 oz.

Price \$127.00

## TRAILWISE WIND RIVER TENT

A simple, effective and easy-to-pitch fabric tube tent. Designed for backpacking in mild conditions. Urethane-coated, water-proof fabric used throughout. Two section aluminum poles fore and aft. Bartacked peg loops and pull-outs of 1" webbing. A solid panel of mosquito netting is sewn over the smaller end opening, while a zippered net is used to close the entrance for complete protection from mosquitos and things that crawl in the night. Comes complete with poles and stuffsack. Colors: brick floor and pumpkin canopy or vice-versa. Wt. 3 lbs. 2 oz. Price \$65.00

Extra poles (per pair) Wt. 9 oz. Price \$10.00

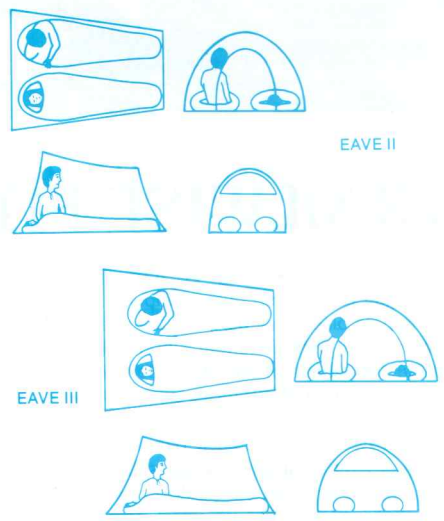

# MOSS EAVE TENTS

Bill Moss in his personally designed tents, expanded and improved the use of fiberglass wands to support tent structures. The concept, based on flexible tension, works much like the old parable of the willow and the oak. Moss tents, like the willow are flexible shapes that “spill” the wind and minimize drag. This is in comparison to a conventional tent design that will resist the wind until the force becomes so great the tent collapses rather than springing back to its original form.

These easy to pitch tents provide a tremendous amount of usable space for their relatively light weight. The covered-wagon canopy style gives you large amounts of head-room. The large doors and full-width windows are backed by “no-see-um” proof netting that keeps out the smallest insects. Interior net pockets help you keep small items organized. The fabric is fire-retardent nylon with urethane coated floors, sidewalls, and rainfly. The colors are muted shades of beige and yellow. The vestibule fly available with both the Eave II and III attaches to the tent easily without extra pegs. The contoured shape of the fly and the wind shedding vestibule increase the tent’s stability in the wind. The vestibule is large enough to accomodate your packs and muddy boots. Your equipment is kept dry — but outside the tent floor. Since these tents go up in less that five minutes (including the fly) they provide quick, secure protection from the elements.

**MOSS EAVE II.** Light enough for a one person tent. This tent offers an ideal combination of light-weight, roominess and high-mountain sturdiness. This tent has ample room for two people and all their gear. Weight: tent, rainfly, poles, pegs, and stuffsack; 6 lbs. 10 oz. Price \$190.00

**MOSS EAVE III.** Two or three can backpack easily with this tent. It is ideal for a family with small children just getting started with hiking. It is also perfect for car camping or anytime that space and bulk are considerations when carrying your own shelter. Weight: tent, rainfly, poles, pegs, and stuffsack; 7 lbs. 4 oz. Price \$220.00

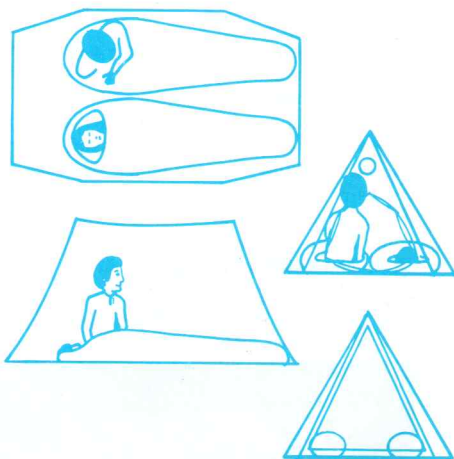

## TRAILWISE FITZROY III

This unique self-supporting "A" frame tent can be pitched with four corner-stakes and no guy lines to trip over. Simply peg down the four corners to anchor the tent and the pole placement balances the stress so that the tent is stable without guy lines under most conditions (under extreme wind the tent should be guyed out for extra stability). The shape of the Fitzroy combined with its self-standing construction makes it unusually commodious for its size and weight. The Fitzroy has a triangular entrance with a covered coil zipper at one end and a tunnel storm-door at the rear. A tunnel vent is provided on the back panel. Entrances and vent are backed with netting. Shock-corded aluminum poles pass through nylon sleeves and fasten to peak fittings. Fabric is flame resistant 1.9 oz. Rip-stop. End panels and floor are coated waterproof nylon (floor extends 11" up sides). Color: blue or green with gold floor and rainfly. Complete with poles, rainfly, pegs, stuffsack and seam sealant. Wt. 8 lbs. 5 oz.

Price \$215.00

Price \$22.50

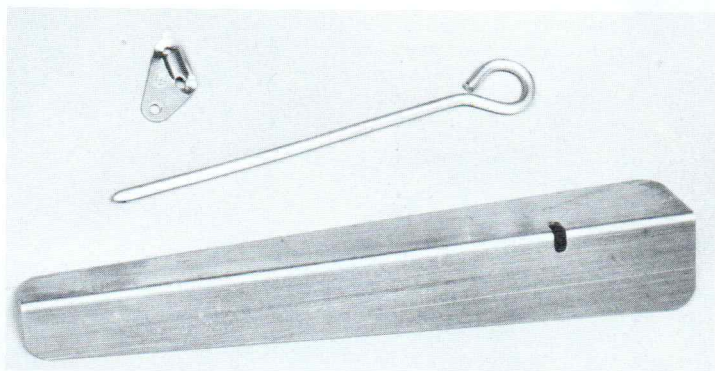

Extra Poles (per set) 1 lbs. 12 oz.

**GUY LINE TIGHTENER.** A small triangular slider, easily adjustable, which locks tent or tarp lines.  $\frac{3}{16}$ " dia. holes; for parachute cord or similar line. Wt.  $\frac{1}{4}$  oz. Price \$ .15

**DURALUMIN PEGS.** Round pegs. 7" long. Wt.  $\frac{1}{2}$  oz. \$ .15

**ANGLE SNOW PEG.** High quality aircraft aluminum snow peg made especially for The Ski Hut. "V" shaped and 10" long with a hole punched 2" from the top. Wt.  $1\frac{1}{2}$  oz. Price \$ .75

## MISCELLANEOUS

## THE SKI HUT RETAIL STORES

Our two retail stores carry all the items in this catalog, plus a variety of other merchandise for your outdoor needs. We always welcome your visit to our original store in Berkeley, or our new store in Palo Alto. When in the San Francisco area, feel free to come in and browse — we enjoy meeting our mail-order customers in person.

When you stop in to see us you will find, in addition to the summer items in the catalog, a selection of running shoes for men and women, and a variety of light-weight running clothing. Our boating department, which features kayaks and inflatable boats, is one of the largest in Northern California. We also stock an extensive selection of outdoor books, guide books, and topographic maps.

As a service to our traveling customers and beginning backpackers, both our stores offer a select group of backpacking equipment for rent. Most of the tents and packs, and some of the sleeping bags offered in our catalog are available for testing through the store rental departments.

The Ski Hut and Trailwise, our sister corporation, are proud of their position of continuing leadership in supplying the increasing demand for high-quality outdoor equipment. Considerable thought, experience, and care go into all the items we offer in our catalog, from Trailwise or from other manufacturers. New designs are field-tested by our own staff and by friends with additional knowledge and experience in thoroughly evaluating any given piece of equipment. We all take pride in the quality of the merchandise we offer our best friends — our customers.

## VACUUM BOTTLES

Battleship strong and backed with a five-year factory guarantee, these unbreakable bottles by Aladdin/Stanley will keep your coffee steaming hot (or your martinis frosty cold) all day long. Stainless steel liner is safe and sanitary — can't rust, stain or absorb odors. Best of all there is no glass to break.

1 pt.	Wt. 15 oz.	Price \$20.00
1 qt.	Wt. 20 oz.	Price \$24.00
2 qt.	Wt. 28 oz.	Price \$31.00

## ZEISS 8x20 MINI BINOCULAR

The incredible Zeiss Minis may be the best value in a binocular you will ever find. This pair of binoculars is miniature in everything but performance. It delivers all the brilliance, contrast, image quality and resolution you expect from larger instruments. All of these qualities are packaged in a small case light enough to please even the most weight-conscious backpackers. *Backpacker Magazine* gave these binoculars their staff's highest rating. The center-focusing style has rubber eye cups that fold out of the way if you wear glasses giving the correct adjustment for your eyes either way. Waterproof, shock proof, life-time guarantee. Weight with case 5¾ oz.

Price \$279.00

## ZEISS 8x30 BINOCULAR

If it's worth looking at, it's worth looking at carefully, and Zeiss offers the finest binoculars for looking carefully that we have found. If you are a birdwatcher, you can pick out the smallest details with accuracy using a Zeiss. These binoculars, the culmination of Zeiss' 130 year tradition of excellence, do more than enlarge. They give you a clear, undistorted image across the full width of the lens and capture the colors accurately. The foldable eye cups allow you to wear your glasses while using the binoculars. Lifetime guarantee, waterproof, shock-proof. Weight with case 18 oz.
